INDEX.....		1

Be it Ordained by the President and Board of Trustees of the Village of Bellflower, McLean County, Illinois, as follows:

CHAPTER 1 – GENERAL PROVISIONS

1.01 MUNICIPAL CODE

- A. Title. This code of ordinances may be known and cited as the Bellflower Municipal Code.
- B. Amendments. Any additions or amendments to this code are incorporated within this code so that a reference to the Bellflower Municipal Code includes such additions and amendments. [See Appendix A “Summary of Amendments” for a list of ordinances which have amended this document.]
- C. Numbering of Sections. Each section number of this code shall consist of up to three component parts separated by periods. The number before the first period refers to the chapter number; the number after the first period refers to the position of the section within the chapter. Whenever a new section is inserted between two existing sections, the second number will be followed by a second period and a sequential number.

Examples:

- 12.03 means Chapter 12, Section 3
 - 12.03.01 means Chapter 12, Section 3, 1st section added between Section 12.03 and Section 12.04
- D. Numbering Additions. The decimal system shall be used for all additions and amendments to this code. When a chapter or section is added, the new chapter or section shall be given a two-digit decimal character.

 7. Ordinances authorizing or relating to public improvements.
 8. Zoning ordinances.
 9. Any special ordinances not in conflict with the provisions of this code.

- B. The provisions of this code, so far as they are the same in substance as those of heretofore existing ordinances, are continuations of such ordinances and not new enactments. Any act done, offense committed, or right accruing or acquired, or liability, penalty, forfeiture or punishment incurred prior hereto shall not be affected, but may be enjoyed, asserted, enforced, prosecuted or inflicted as fully and to the same extent as if the repeal had not been effected.

1.04 ORDINANCES REPEALED NOT REENACTED

No ordinance or part of any ordinance heretofore repealed shall be considered re-ordained or reenacted by virtue of this code, unless specifically reenacted. The repeal of any curative or validating ordinance does not impair or affect any cure or validation already effected thereby.

1.05 JURISDICTION

Unless otherwise provided in this code, this code applies to acts performed within the corporate limits of the village. Provisions of this code also apply to acts performed outside the corporate limits and up to the limits prescribed by law where the law confers power on the village to regulate such acts outside the corporate limits.

1.06 PENALTIES

- A. Standard Penalty. Unless another penalty is specifically provided by this code for violation of any particular provision, section or chapter, any person violating any provision of this code, or any rule or regulation adopted or issued in pursuance thereof, or any provision of any code adopted herein by reference, shall upon conviction be subject to a fine which shall not exceed \$750 plus the costs of prosecution. (ref. 65 ILCS 5/1-2-1)
- B. Commitment. The person upon whom any fine or penalty is imposed for violation of any provision of this code or any ordinance of the village, upon order of the court before whom the conviction is had, may be committed to the county jail as provided by law, or to any other place provided by ordinance for the incarceration of offenders until the fine, penalty, and costs are fully paid. No imprisonment, however, shall exceed six months for any one offense. (ref. 65 ILCS 5/1-2-1 and 11-3-2)
- C. Incarceration, Bailable Offense. Any person incarcerated on a charge of violating a bailable provision of this code or any ordinance, who does not supply bail and against whom a fine is levied upon conviction of such offense, shall be allowed a credit of \$2 for each day so incarcerated prior to conviction, but such credit shall not exceed the amount of the fine levied. (ref. 65 ILCS 5/1-2-12)
- D. Revocation of License. The revocation of a license or permit shall not be considered a recovery or penalty to bar any penalty being enforced.
- E. Each Day of Violation. Each act of violation and each day upon which a violation occurs constitutes a separate offense.

- F. Applicability. The penalty provided by this section applies to the amendment of any section of this code or a code adopted herein by reference whether such penalty is or is not reenacted in the amendatory ordinance.
- G. Reference to Sections. Reference to a section of this code shall be understood also to refer to and include the penalty section relating thereto, unless otherwise expressly provided.
- H. Failure of Officers to Perform Duties. The failure of an officer or employee of the village to perform an official duty imposed by this code shall not subject such officer or employee to the penalty imposed for violation of this code, unless a penalty is specifically provided in the section creating the duty.

1.07 RESPONSIBILITY FOR ACTS

Every person concerned in the commission of an act prohibited by this code, whether he directly commits the act, or prosecutes, counsels, aids, or abets in its commission, may be prosecuted and on conviction is punishable as if he had directly committed such act.

1.08 SEPARABILITY OF PROVISIONS

Each section, paragraph, sentence, clause and provision of this code is separable and if any provision is held unconstitutional or invalid for any reason, such decision shall not affect the remainder of this code nor any part thereof, other than that part affected by such decision.

1.09 EFFECTIVE DATE

This code of ordinances shall take effect ten days after passage and publication in book form under the authority of the Board of Trustees, as provided by law.

CHAPTER 2 – BOARD OF TRUSTEES

2.01 GOVERNMENT OF VILLAGE

The Village of Bellflower shall be governed by a Board of Trustees which shall be elected at large, and which shall consist of a president and six trustees.

2.02 ELECTIONS AND TERMS OF VILLAGE BOARD

- A. The term of office of the trustees shall be four years until their successors have been elected and qualified. After the first election, three trustees shall be elected by the electors of the village for a four-year term at the regular village election held on the first Tuesday in April of each odd numbered year, as provided by statute.
- B. The term of office of the village president shall be four years. He shall be elected by the electors of the village at the regular village election held on the third Tuesday in April 1973, and each fourth year thereafter at the regular village election.
- C. Vacancies in the offices of trustees or village president shall be filled as prescribed by the Illinois Municipal Code (65 ILCS 5/3.1-10-50).

2.03 SALARIES

The village president and the trustees shall receive such salary as shall be fixed by ordinance, subject to the provisions of the Illinois Municipal Code.

2.04 BOARD MEETINGS

- C. Special Meetings. The president or any three of the trustees may call special meetings of the board by written request or notice being filed with the Village Clerk at least 72 hours prior to the time specified for such meeting.

The Village Clerk shall give each board member at least 48 hours' written notice of the special meeting. The notice shall specify the meeting date, time, and purpose.

- D. Adjourned Meetings. Each meeting of the board shall convene at the time appointed for such meeting, as provided by ordinance. The Village Clerk shall thereupon immediately determine the presence of a quorum. If no quorum is present, the board shall not thereby stand adjourned, but the members present shall be competent to adjourn or recess the meeting by a majority vote specifying the new meeting date.

E. Quorum. A quorum for the transaction of business shall consist of a majority of all the corporate authorities (the village president and the village trustees) entitled by law to be elected.

F. Voting.

1. Ordinances. Most ordinances require a majority 'yes' vote by all board members, including the president (at least 4 'yes' votes).

Certain ordinances require a supermajority 'yes' vote by all board members, including the president. Examples include, but are not limited to, annexation agreements $\frac{2}{3}$ vote (5 'yes'), sale of real property $\frac{3}{4}$ vote (6 'yes'), street vacations $\frac{3}{4}$ vote, veto override $\frac{2}{3}$ vote, and waiving bids $\frac{2}{3}$ vote.

2. All Other Actions Excluding Ordinances. A majority 'yes' vote by all trustees present and voting (at least 4 trustees vote 'yes') shall be required to pass any motion or resolution that is not classified as an ordinance. However, the village president may also vote when (1) there is a tie vote by the trustees (three trustees vote 'yes' and three trustees vote 'no') or (2) exactly three trustees vote 'yes' and there is no tie vote.

Upon completion of the reading or reporting of all communications a motion shall be made and a vote taken relative to the referrals of such communications made by the president.
- I. Referral to Committee. When any new matter is introduced at any meeting, it shall be referred by the president without discussion to the appropriate committees, and lay over until the next meeting, unless by the consent of two-thirds of all of the members of the board the same shall be taken up for immediate consideration.

grandmother of the individual's spouse and the individual's fiancé or fiancée.

- g) Anything provided by an individual based on a personal friendship unless the recipient has reason to believe that, under the circumstances, the gift was provided because of the official position or employment of the recipient or his or her spouse or immediate family member and not because of the personal friendship. In determining whether a gift is provided based on personal friendship, the recipient shall consider the circumstances under which the gift was offered, such as: (i) the history of the relationship between the individual giving the gift and the recipient of the gift, including any previous exchange of gifts between those individuals; (ii) whether to the actual knowledge of the recipient the individual who gave the gift personally paid for the gift or sought a tax deduction or business reimbursement for the gift; and (iii) whether to the actual knowledge of the recipient the individual who gave the gift also at the same time gave the same or similar gifts to other officers or employees, or their spouses or immediate family members.
- h) Food or refreshments not exceeding \$75 per person in value on a single calendar day, provided that the food or refreshments are (i) consumed on the premises from which they were purchased or prepared or (ii) catered. For the purposes of this section, "catered" means food or refreshments that are purchased ready to consume which are delivered by any means.
- i) Food, refreshments, lodging, transportation, and other benefits resulting from outside business or employment activities (or outside activities that are not connected to the official duties of an officer or employee), if the benefits have not been offered or enhanced because of the official position or employment of the officer or employee, and are customarily provided to others in similar circumstances.
- j) Intra-governmental and inter-governmental gifts. For the purpose of this Act, "intra-governmental gift" means any gift given to an officer or employee from another officer or employee, and "inter-governmental gift" means any gift given to an officer or employee by an officer or employee of another governmental entity.
- k) Bequests, inheritances, and other transfers at death.
- l) Any item or items from any one prohibited source during any calendar year having a cumulative total value of less than \$100.

Each of the exceptions listed in this section is mutually exclusive and independent of every other.

3. Disposition of gifts. An officer or employee, his or her spouse, or an immediate family member living with the officer or employee, does not violate this Ordinance if the recipient promptly takes reasonable action to return a gift from

a prohibited source to its source or gives the gift or an amount equal to its value to an appropriate charity that is exempt from income taxation under Section 501(c)(3) of the Internal Revenue Code of 1986 (as now or hereafter amended, renumbered, or succeeded).

D. PENALTIES.

1. A person who intentionally violates any provision of Section B of this Ordinance may be punished by a term of incarceration in a penal institution other than a penitentiary for a period of not more than 364 days and may be fined in an amount not to exceed \$2,500.
2. A person who intentionally violates any provision of Section C of this Ordinance is subject to a fine in an amount of not less than \$1,001 and not more than \$5,000.
3. Any person who intentionally makes a false report alleging a violation of any provision of this ordinance to the local enforcement authorities, the State's Attorney or any other law enforcement official may be punished by a term of incarceration in a penal institution other than a penitentiary for a period of not more than 364 days, and may be fined in an amount not to exceed \$2,500.
4. A violation of Section B of this Ordinance shall be prosecuted as a criminal offense by an attorney for the Village of Bellflower by filing in the circuit court an information, or sworn complaint, charging such offense. The prosecution shall be under and conform to the rules of criminal procedure. Conviction shall require the establishment of the guilt of the defendant beyond a reasonable doubt.
5. A violation of Section C of this Ordinance may be prosecuted as a quasi-criminal offense by an attorney for the Village of Bellflower, or, if an Ethics Commission has been created, by the Commission through the designated administrative procedure.
6. In addition to any other penalty that may be applicable, whether criminal or civil, an officer or employee who intentionally violates any provision of Section B or Section C of this Ordinance is subject to discipline or discharge.

3.13 INVESTMENT POLICY

- A. Policy. It is the policy of the Village of Bellflower to invest public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the village and conforming to all state and local statutes governing the investment of public funds.
- B. Scope. Except for cash in certain restricted and special funds, the Village of Bellflower shall consolidate cash balances from all funds governed by the village board to maximize investment earnings. Investment income will be allocated to the

various funds based on their respective participation and in accordance with generally accepted accounting principles.

C. Prudence.

1. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.
2. The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

D. Objective. The primary objectives, in order of priority, shall be:

- Legality (conformance with federal, state, and other legal requirements).
 - Safety (preservation of capital and protection of investment principal).
 - Liquidity (maintenance of sufficient liquidity to meet operating requirements).
 - Yield (attainment of market rates of return).
1. Safety. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective shall be to mitigate credit risk and interest rate risk.
 - a) Credit Risk. The Village of Bellflower will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:
 - 1) Limiting investments to the safest types of securities.
 - 2) Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisers with which the Village of Bellflower will do business.
 - 3) Diversifying the investment portfolio so that potential losses on individual securities will be minimized.
 - b) Interest Rate Risk. The Village of Bellflower shall minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

- 1) Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and
 - 2) Investing operating funds primarily in shorter-tern securities, money market mutual funds, or similar investment pools.
2. Liquidity. The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This will be accomplished by structuring the portfolio so that securities mature concurrent with cash ne s to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio shall consist largely of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in money market mutual funds or local government investment pools which offer same-day liquidity for short-term funds.
3. Yield. The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, considering the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments will be limited to relatively low risk securities in anticipation or earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity, with the following exceptions:
- a) A security with declining credit may be sold early to minimize loss of principal.
 - b) A security "swap" would improve the quality, yield, or target duration in the portfolio; or
 - c) Liquidity needs of the portfolio require that the security be sold.
4. The portfolio should be reviewed periodically as to its effectiveness in meeting the village's needs for legality, safety, liquidity, rate of return, diversification, and performance.
- E. Delegation of Authority. Authority to manage the investment program is hereby granted to the Treasurer (hereinafter referred to as "Investment Officer"). Responsibility for the operation of the investment program is hereby delegated to the Investment Officer, who shall act according to established written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to safekeeping, delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Investment Officer. The Investment Officer shall be

responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

- F. Ethics and Conflicts of Interest. Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose to the village board any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the Village of Bellflower.
- G. Authorized Financial Dealers and Institutions.
1. The Investment Officer shall maintain a list of financial institutions authorized to provide investment services. In addition, a list shall also be maintained of approved security brokers/dealers selected by credit worthiness (e.g., a minimum capital requirement of \$10,000,000 and at least five years of operation). These may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).
 2. All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:
 - a) Audited financial statements.
 - b) Proof of National Association of Securities Dealers (NASD) certification.
 - c) Proof of state registration.
 - d) Completed broker/dealer questionnaire.
 - e) Certification of having read and understood and agreeing to comply with the Village of Bellflower's investment policy.
 3. The Investment Officer shall conduct an annual review of the financial condition and registration of qualified financial institutions and brokers/dealers.
 4. From time to time, the Investment Officer may choose to invest in instruments offered by minority and community financial institutions. In such situations, a waiver to the criteria under paragraph 7.01 may be granted. All terms and relationships must be fully disclosed prior to purchase and shall be reported to the village board on a consistent basis and shall be consistent with state or local law. These types of investment purchases shall be approved by the village board in advance.

- H. Authorized and Suitable Investments. Investments shall be made that reflect the cash flow needs of the fund type being invested and, subject to state and local law regarding the investment of public funds, investments may be made in any type of security allowed for in the Illinois statutes, in force from time to time, regarding the investment of public funds.
- I. Collateralization. Funds on deposit (checking accounts, certificates of deposit, etc.) in excess of Federal Deposit Insurance Corporation (or any successor federal government agency) limits must be secured by some form of collateral, witnessed by a written agreement, and held at an independent third party institution in the name of the Village of Bellflower.
- J. Safekeeping and Custody. All security transactions, entered into by the Village of Bellflower, shall be conducted on a delivery-verses-payment (DVP) basis to ensure that securities are deposited in an eligible financial institution before the release of funds. Securities shall be held by an independent third-party custodian designated by the Investment Officer and evidenced by safekeeping receipts and a written custodial agreement
- K. Diversification. The Village of Bellflower shall diversify its investments to the best of its ability based on the type of funds invested and the cash flow needs of those funds. Diversification shall be by:
1. Limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities).
 2. Limiting investment in securities that have higher credit risks.
 3. Investing in securities with varying maturities; and
 4. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained to meet ongoing obligations.
- L. Maximum Maturities.
1. To the extent possible, the Village of Bellflower shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Village of Bellflower shall not directly invest in securities maturing more than five years from the date of purchase, or according to state and local statutes and ordinances. The Village of Bellflower shall adopt weighted average maturity limitations (which often range from 90 days to 3 years), consistent with the investment objectives.
 2. Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding five years if the maturity of such investments is made to coincide as nearly as practicable with the expected use of the funds.

The intent to invest in securities with longer maturities shall be disclosed in writing to the village board.

3. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio shall be continuously invested in readily available funds such as checking accounts, money market funds, or overnight repurchase agreements, to ensure that appropriate liquidity is maintained to meet ongoing obligations.

M. Internal Control.

1. The Investment Officer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Village of Bellflower are protected from loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.
2. Accordingly, the Investment Officer shall establish a process for an annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:
 - a) Control of collusion.
 - b) Separation of transaction authority from accounting and recordkeeping.
 - c) Custodial safekeeping.
 - d) Avoidance of physical delivery securities.
 - e) Clear delegation of authority to subordinate staff members.
 - f) Written confirmation of transactions for investments and wire transfers.
 - g) Development of a wire transfer agreement with the lead bank and third-party custodian.

N. Performance Standards. The village's investment portfolio shall be managed in accordance with the restrictions and limitations specified within this policy. The portfolio should obtain a comparable rate of return during a market/economic environment of stable interest rates. A series of appropriate benchmarks shall be established against which portfolio performance shall be compared on a regular basis.

O. Reporting. The Investment Officer shall prepare an investment report at least quarterly. The report shall be provided to the village board and shall be available on request. The report shall be in a format suitable for review by the public. An annual

report shall also be provided to the village board. These reports shall include a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last quarter. This management summary shall be prepared in a manner which will allow the village board to ascertain whether investment activities during the reporting period have conformed to this investment policy. The report shall be provided to the village board and any pool participants. The report shall include the following:

1. A listing of individual securities held at the end of the reporting period.
 2. Realized and unrealized gains or losses resulting from appreciation or depreciation by listing the cost and market value of securities over one-year duration that are not intended to be held until maturity (in accordance with Governmental Accounting Standards Board (GASB) requirements).
 3. Average weighted yield to maturity of portfolio on investments as compared to applicable benchmarks.
 4. A listing of investments by maturity date.
 5. The percentage of the total portfolio which each type of investment represents.
- P. Marking to Market. The market value of the portfolio shall be calculated at least quarterly and a statement of the market value of the portfolio shall be issued at least quarterly to the village board. This will ensure that review of the investment portfolio, in terms of value and price volatility, has been performed.
- Q. Investment Policy Adoption. This investment policy shall be reviewed on an annual basis by the Investment Officer and any modifications made thereto must first be approved by the village board.
- R. Policy Considerations.
1. Exemption. Any investment currently held that does not meet the guidelines of this policy shall be exempted from the requirements of this policy. At maturity or liquidation, such monies shall be reinvested only as provided by this policy.
 2. Amendments. This policy shall be reviewed on an annual basis. Any changes must be approved by the Investment Officer and the village board, as well as any other individual(s) charged with maintaining internal audit or financial controls.

3.14 EXPENSE REIMBURSEMENT

A. Purpose.

The Village of Bellflower will reimburse employee and officer travel, meal, and lodging expenses incurred in connection with approved travel, meal, and lodging expenses incurred on behalf of the village. Employees and officers are expected to

exercise the same care in incurring expenses for official business as a prudent person would in spending personal funds.

B. Definitions.

"Entertainment" includes, but is not limited to, shows, amusements, theaters, circuses, sporting events, or any other place of public or private entertainment or amusement, unless ancillary to the purpose of the program or event.

"Maximum allowable reimbursement" means the maximum amount that may be reimbursed for travel, meal, and lodging expenses, which is set at \$2,500.00 per travel event.

"Travel" means any expenditure directly incident to official travel by employees and officers of the village involving reimbursement to travelers or direct payment to private agencies providing transportation or related services.

C. Authorized Types of Official Business.

Travel, meal, and lodging expenses will be reimbursed for employees and officers of the village only for purposes of official business conducted on behalf of the village. These include but are not limited to off-site or out-of-town meetings related to official business and approved seminars, conferences and other educational events related to the employee's or officer's official duties. If you are unsure whether an expense is reimbursable, please contact the village president.

D. Categories of Expenses.

1. Airfare - Travelers are expected to obtain the lowest available airfare that reasonably meets business travel needs. Travelers are encouraged to book flights at least 30 days in advance to avoid premium airfare pricing. Only coach or economy tickets will be paid or reimbursed. The traveler will pay for the difference between higher priced tickets and coach or economy tickets with his or her personal funds.
2. Personal Automobiles - Mileage reimbursement will be based on mileage from the work location office to the off-site location of the official business, not from the employee's or officer's residence. When attending a training event or other off-site official business directly from an employee's or officer's residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the employee's or officer's normal commute, reimbursement will be paid based on the differential of the commute less the mileage of a normal commute to the workplace. An employee or officer will be reimbursed at the prevailing IRS mileage rate. The traveler will only be reimbursed up to the price of a coach airfare ticket if they drive to a location for which airfare would have been less expensive.
3. Automobile Rentals - Travelers will be reimbursed for the cost of renting an automobile including gasoline expense only as provided in this section.

Travelers using rental cars to conduct official business are required to purchase insurance through the rental agency. Car rental insurance will cover the vehicle during personal use, e.g., using the vehicle after the conference has ended. Compact or mid-size cars are required for two or fewer employees or officers traveling together, and a full-size vehicle may be used for three or more travelers. The traveler must refuel the vehicle before returning it to the rental company.

4. Public Transportation - In the case of local training or official business where an employee or officer chooses to use public transportation, reimbursement for use of public transportation is based on mileage from the agency office to the training site (not from the traveler's residence), regardless of the transportation method chosen. When attending training or business directly from an employee's or officer's residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the traveler's normal commute, reimbursement will be paid at the differential of the commute less the mileage of a normal commute to the workplace.
5. Other Transportation - The traveler should utilize hotel shuttle service or other shuttle services, if available. If none are offered, the use of the most economic transportation is encouraged.
6. Hotel/Motel Accommodations - The traveler will be reimbursed for a standard single-room at locations convenient to the business activity. In the event of a change in plans or a cancellation, the traveler must cancel the hotel/motel reservation so as not to incur cancellation charges. Cancellation charges will not be reimbursed by the village unless approved by a vote of the Board of Trustees.
7. Meals - Meal reimbursement is limited to the current U.S. General Services Administration (GSA) regulations in place at the time the expense is occurred. Prior approval by the Board of Trustees and submission of receipts are required for per diem allowances. Meals provided by the conference or seminar should be deducted from the per diem allowance. Partial reimbursement may be made for departure and return days based on time. Meals during in-state travel that is not an overnight stay will be reimbursed for actual cost not to exceed the GSA regulations.
8. Vacation in Conjunction with Business Travel - In cases where vacation time is added to a business trip, any cost variance in airfare, car rental, lodging and/or any other expenses must be clearly identified on the Travel, Meal, and Lodging Expense Report form and paid by the traveler.
9. Accompanied Travel - When a traveler is accompanied by others not on official business, any lodging, transportation, meals, or other expenses above those incurred for the authorized traveler will not be reimbursed by the village.

10. Parking - Parking fees at a hotel/motel, conference center, or other site will be reimbursed only with a receipt.

11. Entertainment Expenses - No employee or officer of the village shall be reimbursed for any entertainment expense, unless ancillary to the purpose of the program, event, or other official business.

E. Approval of Expenses.

1. Expenses for Members of the Village Board of Trustees. All travel, meal, and lodging expenses incurred by any member of the Board of Trustees of the Village must be approved by roll call vote at an open meeting of the Board of Trustees.

2. Expenses for Officials or Employees Other than Members of the Board of Trustees. Travel, meal, and lodging expenses incurred by any official or employee not covered by SECTION 3.14(E)(1) (member of the Board of Trustees) that is in excess of the maximum allowable reimbursement, as defined in Section 3.14(B) of this policy, must be approved by roll call vote at an open meeting of the Board of Trustees.

3. Advanced Expenses. Travel, meal, and lodging expenses advanced as a per diem to any employee or official of the village must be approved by roll call vote at an open meeting of the Board of Trustees prior to payment. Documentation of expenses must be provided in accordance with Sections 3.14(C), (D) and (F) of this policy, and any excess from the per diem must be repaid.

4. Other Expenses. All other expenses that do not fall within paragraphs 3.14(E)(1), (2) or (3) are subject to the village president's approval.

F. Documentation of Expenses.

Before an expense for travel, meals, or lodging may be approved under Section 3.14(E) of this Policy, the following minimum documentation must first be submitted, in writing, to the village president on a [Travel, Meal, and Lodging Expense form](#):

1. An estimate of the cost of travel, meals, or lodging if expenses have not yet been incurred or a receipt of the cost of the travel, meals, or lodging if the expenses have already been incurred.

2. The name of the individual who received or is requesting the travel, meal, or lodging expense.

3. The job title or office of the individual who received or is requesting the travel, meal, or lodging expense.

4. The date or dates and nature of the official business for which the travel, meal, or lodging expense was or will be expended.

All documents and information submitted in connection with this policy are public records subject to disclosure under the Freedom of Information Act.

G. Travel, Meal, and Lodging Expense Report Form.

The village hereby adopts as its official standardized form for the submission of travel, meal, and lodging expenses the Travel, Meal, and Lodging Expense Report form attached hereto and incorporated herein as [Chapter 3.14 Attachment](#).

3.15 SEXUAL HARASSMENT

NOTE: The provisions of this Section 3.15 "Sexual Harassment" will apply only insofar as they do not conflict with any state or federal law. The provisions were developed using the Illinois Department of Human Rights Sexual Harassment Model Policy and were modified to conform to Public Act 100-0554 and Public Act 101-0221.

A. Prohibition on Sexual Harassment.

It is unlawful to harass a person because of that person's sex. The courts have determined that sexual harassment is a form of discrimination under Title VII of the U.S. Civil Rights Act of 1964, as amended in 1991. All persons have a right to work in an environment free from sexual harassment. Sexual harassment is unacceptable misconduct which affects individuals of all genders and sexual orientations. It is a policy of the Village of Bellflower, Illinois to prohibit harassment of any person by any municipal official, municipal agent, municipal employee, municipal agency, or municipal office based on sex or gender. All municipal officials, municipal agents, municipal employees, municipal agencies, or municipal offices are prohibited from sexually harassing any person, regardless of any employment relationship or lack thereof.

B. Definition of Sexual Harassment.

This policy adopts the definition of sexual harassment as stated in the Illinois Human Rights Act (775 ILCS 5/2-101(E)) which currently defines sexual harassment as:

Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

1. Submission to such conduct is made a term or condition of an individual's employment, either explicitly or implicitly; or
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Conduct which may constitute sexual harassment includes, but is not limited to:

1. Verbal Harassment: sexual innuendos, suggestive comments, insults, humor, jokes about sex, anatomy, or gender-specific traits, sexual propositions, threats, repeated requests for dates, or statements of a sexual nature about other employees, even outside of their presence.
2. Non-verbal Harassment: suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, "cat calls," "smacking" or "kissing" noises.
3. Visual Harassment: posters, signs, pin-ups, or slogans of a sexual nature, viewing pornographic material or websites.
4. Physical Harassment: touching, unwelcome hugging or kissing, pinching, brushing the body, any coerced sexual act or actual assault.
5. Textual/Electronic Harassment: "sexting" (electronically sending messages with sexual content, including pictures or video), the use of sexually explicit language, harassment, cyber stalking and threats via all forms of electronic communication (email/text/picture/video messages, intranet/internet/online postings, blogs, instant messages, and posts on social network websites like Facebook and Twitter).

The most severe and overt forms of sexual harassment are easier to determine. On the other end of the spectrum, some sexual harassment is more subtle and depends, to some extent, on individual perception and interpretation. The courts will assess sexual harassment by a standard of what would offend a reasonable person.

C. Procedure for Reporting an Allegation of Sexual Harassment.

An employee who either observes sexual harassment or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the offending employee, and her/his immediate supervisor. It is not necessary for sexual harassment to be directed at the person making the report.

Any employee may report conduct which is believed to be sexual harassment, including the following:

1. Electronic/Direct Communication. If there is sexual harassment behavior in the workplace, the harassed employee should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.
2. Contact with Supervisory Personnel. At the same time direct communication is undertaken, or in the event the employee feels threatened or intimidated by the

situation, the problem must be promptly reported to the immediate supervisor of the person making the report, a department head, a director of human resources, an ethics officer, the city manager or administrator, or the chief elected official of the municipality.

The employee experiencing what she/he believes to be sexual harassment must not assume that the employer is aware of the conduct. If there are no witnesses, and the victim fails to notify a supervisor or other responsible officer, the municipality will not be presumed to have knowledge of the harassment.

3. Resolution Outside Municipality. The purpose of this policy is to establish prompt, thorough and effective procedures for responding to every report and incident so that problems can be identified and remedied by the municipality. However, all municipal employees have the right to contact the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC) for information regarding filing a formal complaint with those entities. An IDHR complaint must be filed within 300 days of the alleged incident(s) unless it is a continuing offense. A complaint with the EEOC must also be filed within 300 days.
4. Allegations of Sexual Harassment made against an elected official of the governmental unit by another elected official of a governmental unit. In addition to the methods of reporting included above, an elected official may request an independent review of a complaint of sexual harassment by another elected official. The request shall be made to the human resources director, the city manager or administrator or the chief elected official of the municipality. The official receiving the request shall take immediate action in keeping with the procurement process of the municipality to retain a qualified individual or entity for the independent review of the allegations of sexual harassment in violation of this policy. The outcome of the independent review shall be reported to the corporate authorities.

Documentation of any incident may be submitted with any report (what was said or done, the date, the time and the location), including, but not limited to, written records such as letters, notes, memos and telephone messages.

All allegations, including anonymous reports, will be accepted and investigated, regardless of how the matter comes to the attention of the municipality. However, because of the serious implications of sexual harassment charges and the difficulties associated with their investigation and the questions of credibility involved, the claimant's willing cooperation is a vital component of an effective inquiry and an appropriate outcome.

D. Prohibition on Retaliation for Reporting Sexual Harassment Allegations.

No municipal official, municipal agency, municipal employee, municipal agency, or municipal office shall take any retaliatory action against any municipal employee or official due to a municipal employee's or official's:

1. Disclosure or threatened disclosure of any violation of this policy; or
2. Providing information related to an investigation or testimony before any public body investigating, hearing, or inquiring into any violation of this policy; or
3. Assistance with or participation in a proceeding to enforce the provisions of this policy.

For purposes of this policy, retaliatory action means the reprimand, discharge, suspension, demotion, denial of promotion or transfer, or change in the terms or conditions of employment of any municipal employee that is taken in retaliation for a municipal employee's or official's involvement in protected activity pursuant to this policy.

No individual making a report will be retaliated against even if a report made in good faith is not substantiated. In addition, any witness will be protected from retaliation.

Similar to the prohibition against retaliation contained herein, the State Officials and Employees Ethics Act (5 ILCS 430/15-10) provides whistleblower protection from retaliatory action, and this policy prohibits retaliatory action such as reprimand, discharge, suspension, demotion, or denial of promotion or transfer that occurs in retaliation for an employee who does any of the following:

1. Discloses or threatens to disclose to a supervisor or to a public body an activity, policy, or practice of any officer, member, agency, or other employee that the employee reasonably believes is in violation of a law, rule, or regulation; or
2. Provides information to or testifies before any public body investigating, hearing, or inquiring into any violation of a law, rule, or regulation by any officer, member, agency, or other employee; or
3. Assists or participates in a proceeding to enforce the provisions of the State Officials and Employees Ethics Act or this policy.

Pursuant to the Whistleblower Act (740 ILCS 174/15(a)), an employer may not retaliate against an employee who discloses information in a court, an administrative hearing, before a legislative commission or committee, or in any other proceeding, where the employee has reasonable cause to believe that the information discloses a violation of a state or federal law, rule, or regulation. In addition, an employer may not retaliate against an employee for disclosing information to a government or law enforcement agency, where the employee has reasonable cause to believe that the information discloses a violation of a state or federal law, rule, or regulation. (740 ILCS 174/15(b)).

According to the Illinois Human Rights Act (775 ILCS 5/6-101), it is a civil rights violation for a person, or for two or more people to conspire to retaliate against a person because she/he has opposed that which she/he reasonably and in good faith believes to be sexual harassment in employment, because she/he has made a

charge, filed a complaint, testified, assisted, or participated in an investigation, proceeding, or hearing under the Illinois Human Rights Act.

An employee who is suddenly transferred to a lower paying job or passed over for a promotion after filing a complaint with IDHR or EEOC, may file a retaliation charge within 300 days of the alleged retaliation.

E. Consequences of a Violation of the Prohibition on Sexual Harassment.

In addition to any and all other discipline that may be applicable pursuant to municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements, any person who violates this policy or the Prohibition on Sexual Harassment contained in 5 ILCS 430/5-65 may be subject to a fine of up to \$5,000 per offense, applicable disciplinary actions or discharge by the municipality, and any applicable fines and penalties established pursuant to local ordinance, state law or federal law. Each violation may constitute a separate offense. Any discipline imposed by the municipality shall be separate and distinct from any penalty imposed by an ethics commission and any fines or penalties imposed by a court of law or a state or federal agency.

F. Consequences for Knowingly Making a False Report.

A false report is a report of sexual harassment made by an accuser to accomplish an outcome other than stopping sexual harassment or stopping retaliation for reporting sexual harassment. A false report is not a report made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false or frivolous report is a severe offense that can itself result in disciplinary action. Any person who intentionally makes a false report alleging a violation of any provision of this policy shall be subject to disciplinary action or discharge pursuant to applicable municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements.

In addition, any person who intentionally makes a false report alleging a violation of any provision of the State Officials and Employees Ethics Act to an ethics commission, an inspector general, the Illinois State Police, a State's Attorney, the Attorney General or any other law enforcement official is guilty of a Class A misdemeanor. An ethics commission may levy an administrative fine of up to \$5,000 against any person who intentionally makes a false, frivolous, or bad faith allegation.

3.16 WHISTLEBLOWER REPORTING AND ANTI-RETALIATION POLICY

A. General Policy

It is the policy of the village board (the "village") to act in accordance with Illinois Public Act 101-0652 generally, and specifically Section 4.1 of the Public Officer Prohibited Activities Act ("Act") [50 ILCS 105/4.1].

It is the policy of the village to prohibit any official from retaliating against any employee who: (a) reports an improper governmental action, (b) cooperates in the investigation related to a report of an improper governmental action, or (c) testifies in a proceeding or prosecution of an improper governmental action. An improper governmental action is defined as follows:

- “Improper governmental action” includes any action by a unit of local government employee, an appointed member of a board, commission, or committee, or an elected official of the unit of local government, that is undertaken in violation of federal, State, or unit of local government law or rule; is an abuse of authority; violates the public’s trust or expectation of his or her conduct; is of substantial and specific danger to the public’s health or safety; or is a gross waste of public funds.
- “Improper governmental action” does not include a unit of local government personnel actions, including, but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployment, performance evaluations, reductions in pay, dismissals, suspensions, demotions, reprimands, or violations of collective bargaining agreements, except to the extent the actions amount to retaliation. Retaliation, in this context, means retaliatory action that results from an employee’s protected activity of reporting improper governmental action, cooperating in the investigation, proceeding or prosecution of a reported improper governmental action.

Copies of this Policy and Procedure, along with a copy of the Public Officer Prohibited Activities Act [50 ILCS 105/4.1] will be given to every employee upon hiring. Additionally, these same documents will be furnished or made available to all employees on an annual basis.

B. Procedures for Reporting Improper Governmental Action or Retaliation

If an employee believes that he/she has witnessed an improper governmental action, as defined in the Policy above, the employee must submit a written report of the improper governmental action to the Auditing Official, which Auditing Official has been designated in Section E “Designation of Auditing Official” below.

If an employee believes that he/she has been retaliated against for reporting improper governmental action, or cooperating in the investigation, or procedure involving an improper governmental action, the employee must report such alleged retaliation to the Auditing Official within sixty (60) days of the retaliatory action taking place.

The Auditing Official may transfer the complaint to another auditing official, including the States Attorney, if he/she determines that it is appropriate.

If the Auditing Official is also the subject of the complaint, the Complainant may file the complaint with any States Attorney.

C. Investigation of Complaint of Improper Governmental Action or Retaliation

The Auditing Official will keep the identity of the Complainant confidential to the extent allowed by law. The Complainant may waive confidentiality in writing on a form presented to the Auditing Official.

The Auditing Official shall investigate the complaint promptly and thoroughly and conclude whether or not the evidence gathered through such investigation warrants merit of a finding that either an improper governmental action, or retaliation for filing such a complaint or complying with such investigation occurred or did not occur.

The investigation by the Auditing Official may include:

- Interviews of the Complainant and witnesses;
- Interviews of governmental officials who may have knowledge about the complaint or may be the subject of the complaint;
- Inspection of documentation (in written, printed, or electronic format) relevant to the complaint;
- Taking any other appropriate measures to ensure that the complaint has been thoroughly investigated.
- Making a determination whether the complaint has merit or whether the complaint does not have merit.

D. Auditing Official Determination and Remedial Action If Necessary

If the Auditing Official determines that the complaint has no merit, he/she can dismiss the complaint.

If the Auditing Official determines that the complaint has merit, he/she may take remedial action on behalf of the Complainant, including reinstatement, reimbursement for lost wages or expenses, promotion, or other remedial action that the Auditing Official deems appropriate. The Auditing Official may also make his/her investigation findings available to the Complainant's attorney if the Auditing Official finds that restitution is not sufficient.

Any person who engages in prohibited retaliation under Section 10-135 of Public Act 101-0652 [50 ILCS 105/4.1] may also be subject to fines, appropriate employment action, civil or criminal prosecution, or any combination of these actions.

E. Designation of Auditing Official

The village designates the village attorney to serve as the Auditing Official of the village, with the duties and responsibilities set forth in Section 10-135 of Public Act

101-0652 [50 ILCS 105/4.1] and this Policy, and the McLean County State’s Attorney to serve as the alternate Auditing Official in the event the village attorney is unable or unavailable to serve. In the event no one is designated, or the designated officials cannot act for any reason, then the McLean County State’s Attorney shall act as the Auditing Official pursuant to this policy.

3.17 PAID LEAVE POLICY

Effective January 1, 2024, Illinois statute 820 ILCS 192, the Paid Leave for All Workers Act (the “Act”), requires all employers to provide employees one hour of paid leave for every 40 hours worked. The Act applies to full-time and part-time workers who are paid a fixed salary or an hourly wage but does not include independent contractors.

For purposes of this Ordinance, the term “employee” does not include elected or appointed officials [Federal Labor Standards Act of 1938 section 3(e)(2)(C); Illinois Minimum Wage Law 820 ILCS 105/4a(2)(D)]. Therefore, the Village President, all Village Trustees, the Village Clerk, and the Village Treasurer shall not be considered as employees.

All Village of Bellflower employees work part-time as needed to fulfill the duties of their job. No Village employee has a fixed daily/weekly/monthly/quarterly/annual work schedule. As a result, Village employees cannot schedule time “out” of the office, as no employee has any defined time “in” the office. In lieu of scheduling paid leave, employees shall be paid in compliance with the Act as if they had scheduled and taken paid leave.

For hours worked beginning January 1, 2024, the Village shall establish a paid leave policy and shall calculate paid leave for all employees as follows:

- Paid leave shall be calculated during the monthly payroll process.
- Employee hours worked shall accrue monthly.
- Whenever an employee has worked 40 hours, the employee shall receive payment for one hour of paid leave in lieu of scheduling time off, and the employee’s accrued hours worked balance shall be reduced by 40 hours.
- The paid leave hourly rate of pay shall be the rate of pay established for hourly employees in the annual Salary Ordinance.
- Determining Hours Worked.
 - *Salaried employees* – Because salaried employees do not have a defined work schedule, hours worked shall accrue based on an assumed number of monthly hours worked as shown in the following table:

SALARIED POSITION	ASSUMED MONTHLY HOURS
Community Center-Scheduler	4
EMA Coordinator	2
Water-Assistant Superintendent	5
Water-Superintendent	60

- *Hourly employees* – Hours worked shall accrue based on the total hours worked as shown on the hourly employee’s monthly timesheet.

HOURLY POSITION	MONTHLY HOURS
Community Center-Maintenance	Timesheet
Village-Grounds Maintenance	Timesheet
Water-Hydrant Flushing	Timesheet

- At the end of each calendar year, each employee’s accrued hours worked balance shall carry over into the next calendar year.
- Paid leave shall not be paid out upon an employee’s termination, resignation, retirement, or other separation from employment.

3.18 USE OF PUBLIC FUNDS

The 1970 Constitution of the State of Illinois, Article VIII “Finance,” Section 1 “General Provisions” states:

- (a) Public funds, property or credit shall be used only for public purposes.
- (b) The State, units of local government and school districts shall incur obligations for payment or make payments from public funds only as authorized by law or ordinance.

Although “public purpose” has not been defined by the legislature, the Village of Bellflower desires to identify certain uses of public funds that may raise objections by members of the public as not being for a public purpose. Therefore, to avoid any appearance of improper use of public funds, the village generally will not use public funds for the following purposes unless a determination is made that the public benefit outweighs any private gain: charitable donations, memorial contributions, flowers, gifts, and gift cards.

Any non-employment labor, lease, purchase of goods or services, sale of property, equipment or supplies, or public improvement which is not to be paid for in whole or in part by a special assessment or special taxation, when the expense or cost thereof will equal or exceed \$25,000, shall be constructed or purchased either: (1) by a contract let to the lowest responsive and responsible bidder after advertising for bids, in the manner prescribed herein, except that any such contract may be entered into by the proper officers without advertising for bids if authorized by a vote of two-thirds of all the trustees then holding office, or (2) in the following manner, if authorized by a vote of two-thirds of all the trustees then holding office, to-wit: the proper officers, to be prescribed by ordinance, shall make such purchase or shall superintend and cause such work or construction to be carried out, but all material costs which equal or exceed \$25,000 used in any construction work or public improvement shall be purchased by contract let to the lowest responsive and responsible bidder in the manner prescribed herein. Nothing contained herein shall apply to any contract with the federal government or any agency thereof. [ref. 65 ILCS 5/8-9-1 and 2]

4.02 EXCEPTIONS TO COMPETITIVE BID REQUIREMENTS

Contracts which by their nature are not adaptable to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part (e.g., auditing; contracts for utility services such as water, heat, light, and telephone; purchasing of educational matter) shall not be subject to competitive bidding.

4.03 PROCEDURES FOR PURCHASES OR CONTRACTS \$25,000 AND OVER

- A. Publication. All proposals to purchase goods or award contracts valued at or exceeding \$25,000 shall be published once, at least ten days in advance of the date announced for the receiving of bids, in a newspaper of general circulation throughout the Village by the Clerk. Nothing herein shall be construed to prohibit the Clerk from posting additional notices or advertising if requested by the Board of Trustees.
- B. Advertisements for Bids. The advertisement for bids shall describe the character of the proposed contract, purchase, or improvement in sufficient detail to enable the bidders thereon to know what their obligations will be, either in the advertisement itself, or by reference to detailed plans and specifications on file in the office of the Clerk at the time of publication of the announcement. The advertisement shall also state the date, time and place assigned for the opening of bids, and the deadline for receiving such bids in the office of the Village Clerk.
- C. Deposit on Bids. If specified in the bid advertisement, a good faith deposit, payable to the Village in the form of cash or a bank cashier / teller / certified check

amounting to not more than 10 percent of the contract or purchase amount, may be required of each bidder on all bids that equal or exceed \$25,000.

- D. **Opening of Sealed Bids.** All sealed bids shall be officially opened by the Board of Trustees. All opened bids shall be available for public inspection in the office of the Clerk.
- E. **Bid Award.** The award of any purchase or contract that equals or exceeds \$25,000 shall be made by the Board of Trustees to the lowest or highest responsive and responsible bidder, depending on whether the Village is to expend or receive money.

4.04 EMERGENCY PURCHASES OR CONTRACTS

In the event of an emergency affecting the public health, welfare or safety so declared by the Village President, a contract may be let, or a purchase made, to the extent necessary to resolve such emergency without public advertisement, in a sum less than \$25,000. The Village President shall file a notice of his authority for such expenditure in writing to the Clerk with a copy to the Board of Trustees and shall provide the date or time when the emergency shall terminate and shall name the person authorized to make such expenditure or contract and the amount or amounts to be expended.

4.05 PURCHASES OR CONTRACTS VALUED AT LESS THAN \$25,000

- A. **Village President.** The Village President may purchase goods and award contracts, where the value does not exceed \$1,500, to the highest or lowest responsive and responsible bidder, depending on whether the Village is expending or receiving money, without authorization by the Board of Trustees or procurement of bids as set forth in this chapter.
- B. **Village Credit Card Holders.** Holders of a village credit card may purchase goods, where the value does not exceed their approved credit card limit, with prior authorization of the Village President. An approval to purchase does not require authorization by the Board of Trustees or procurement of bids as set forth in this chapter.
- C. **Authorized Village Personnel.** The Village President may authorize specific village personnel to purchase goods from vendors who extend in-store credit to authorized customers. Any purchase where the total value exceeds \$500 must be preauthorized by the Village President. These purchases do not require authorization by the Board of Trustees or procurement of bids as set forth in this chapter.
- D. **All Other Purchases.** Except for the situations described in chapter 4.05(A), (B), and (C) above, the Village President shall present a recommendation to the Board of Trustees for approval of all proposed purchases or contracts valued at less than \$25,000 together with supporting documentation sufficient for the board to approve the request or take such other action as may be required by law. Board approval of an expenditure, contract, or lease shall empower the Village President to purchase

goods or execute a contract or lease on behalf of the Village. Board approval may impose other terms, conditions, directions, or restrictions.

- E. Transaction Value Defined. The sum herein authorized to be expended shall constitute the total payment for such contract or purchase and shall not be expended as an installment or partial payment on a larger amount, nor shall it be expended in any manner to circumvent directly or indirectly the other provisions of this chapter providing for authorization or bidding when a larger sum is to be expended.

4.06 CONTRACTS EXEMPT FROM PURCHASING REGULATIONS

The provisions of this chapter shall not apply to local improvement contracts, special assessments, or to purchases or contracts otherwise specifically provided for in 30 ILCS 500/1-10.

4.07 INVALID PURCHASES OR CONTRACTS

Any purchase or contract executed in violation of this chapter shall be null and void as to the Village, and if public funds have been expended thereupon, the amount thereof may be recovered in the name of the Village.

CHAPTER 5 – STREETS, ALLEYS AND SIDEWALKS

Building permits shall be held to imply a license to occupy such portion of the public street and sidewalk abutting upon and adjacent to such buildings for private use in connection with the actual building operations under such permit as is required, subject to the supervision and direction of the street commissioner, including such time limitations as he may set.
- B. Materials on Streets. No more than one-half the space between the center line of the street and the lot line of the premises upon which such building alterations or repairs are being conducted under such permit, and no more than one-third the width of any public sidewalk, shall be occupied under such permit; provided the full width of the sidewalk may be occupied by the consent of the street commissioner, and the providing of a temporary walk leading around the obstructed portion of the sidewalk connecting with the permanent walk at either end thereof. Such temporary walk shall be constructed to the satisfaction of the street commissioner, and it shall be his duty to cause the same to be made safe and secure for public travel upon the same.

Before such permit shall issue, it shall first be approved by the Board of Trustees and, in the event that the permit is obtained for the purpose of making a connection to a sewer or water facility of the village located in any public street, the street commissioner may, if practical, require the applicant to tunnel or auger instead of removing or injuring the pavement.
- B. Fee and Bond. No fee for a permit is required under this section. The applicant shall deposit a cash bond as follows:

- C. Protection of Village. It shall be the duty of such person to place suitable and enough lights upon such railing or fence at sunset in the evening and keep them burning through the night.
- F. Liability for Damages. Any person performing any of the work mentioned in this section shall be liable for any damage which may be occasioned to persons or property by reason of carelessness connected with the work.

- B. Location of Gas Pipes. Any gas pipes when placed in any public street or alley shall be laid so that there will be no interference with sewers or water pipes, and before any pipes are laid, permission must be secured from the village and same must be placed in a portion of the street or alley as may be directed by the village.

5.10 MOVING STRUCTURES ON STREETS

No person shall move any building or structure on any street without a permit from the Board of Trustees or street commissioner. The Board of Trustees or street commissioner may issue the permit under such conditions as may be prescribed to protect the streets and village and private property and to minimize public inconvenience. The permittee may be required to execute a bond or insurance contract in behalf of the village in such amount as he deems appropriate conditioned that the permittee will comply with the conditions of the permit and indemnify the village against any damage caused to village or private property or any person by removal of the building or structure.

“Disrupt the Right-of-Way” - For the purposes of this Division, any work that obstructs the right-of-way or causes a material adverse effect on the use of the right-of-way for its intended use. Such work may include, without limitation, the following: excavating or other cutting; placement (whether temporary or permanent) of materials, equipment, devices, or structures; damage to vegetation; and compaction or loosening of the soil, and shall not include the parking of vehicles or equipment in a manner that does not materially obstruct the flow of traffic on a highway.

B. Permit Required; Applications and Fees.

1. Permit Required. No person shall construct (as defined in this Division) any facility on, over, above, along, upon, under, across, or within any Village right-of-way which (1) changes the location of the facility, (2) adds a new facility, (3) disrupts the right-of-way (as defined in this Division), or (4) materially increases the amount of area or space occupied by the facility on, over, above, along, under, across or within the right-of-way, without first filing an application with

the Village Engineer and obtaining a permit from the Village therefor, except as otherwise provided in this Division. No permit shall be required for installation and maintenance of service connections to customers' premises where there will be no disruption of the right-of-way.

2. Permit Application. All applications for permits pursuant to this Division shall be filed on a form provided by the Village and shall be filed in such a number of duplicate copies as the Village may designate. The applicant may designate those portions of its application materials that it reasonably believes contain proprietary or confidential information as "proprietary" or "confidential" by clearly marking each page of such materials accordingly.
3. Minimum General Application Requirements. The application shall be made by the utility or its duly authorized representative and shall contain, at a minimum, the following:
 - a) The utility's name, physical address, mailing address, telephone and fax numbers.
 - b) The applicant's name, physical and mailing address, if different than the utility, its telephone and fax numbers, e-mail address, and its interest in the work.
 - c) The names, addresses, telephone and fax numbers, and e-mail addresses of all professional consultants, if any, advising the applicant with respect to the application.
 - d) A general description of the proposed work and the purposes and intent of the facility and the uses to which the facility will be put. The scope and detail of such a description shall be appropriate to the nature and character of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed.
 - e) Evidence that the utility has placed on file with the Village:
 - 1) A written traffic control plan demonstrating the protective measures and devices that will be employed consistent with the Illinois Manual on Uniform Traffic Control Devices, to prevent injury or damage to persons or property and to minimize disruptions to efficient pedestrian and vehicular traffic; and
 - 2) An emergency contingency plan which shall specify the nature of potential emergencies, including, without limitation, construction and hazardous materials emergencies, and the intended response by the applicant. The intended response shall include notification to the Village and shall promote protection of the safety and convenience of the public. Compliance with ICC regulations for emergency contingency plans constitutes compliance with this Section unless the Village finds that additional information or assurances are needed.

- f) Drawings, plans and specifications showing the work proposed, including the certification of an engineer that such drawings, plans, and specifications comply with applicable codes, rules, and regulations.
 - g) Evidence of insurance as required in Section 5.20.E of this Division.
 - h) Evidence of posting of the security fund as required in Section 5.20.G of this Division.
4. Applicant's Duty to Update Information. Throughout the entire permit application review period and the construction period authorized by the permit, any amendments to information contained in a permit application shall be submitted by the utility in writing to the Village within thirty (30) days after the change necessitating the amendment.
5. Application Fees. Unless otherwise provided by franchise, license, or similar agreement, all applications for permits pursuant to this Division shall be accompanied by a fee payable to "Village of Bellflower" in the amount of \$100. No application fee is required to be paid by any electricity utility that is paying the municipal electricity infrastructure maintenance fee pursuant to the Electricity Infrastructure Maintenance Fee Act.
- C. Action on Permit Applications.
1. Village Review of Permit Applications. Completed permit applications, containing all required documentation, shall be examined by the Village Engineer within a reasonable time after filing. If the application does not conform to the requirements of applicable ordinances, codes, laws, rules, and regulations, the Village Engineer shall reject such application in writing, stating the reasons therefor. If the Village Engineer is satisfied that the proposed work conforms to the requirements of this Division and applicable ordinances, codes, laws, rules, and regulations, the Village Engineer shall issue a permit therefor as soon as practicable. In all instances, it shall be the duty of the applicant to demonstrate, to the satisfaction of the Village Engineer, that the construction proposed under the application shall be in full compliance with the requirements of this Division.
- D. Effect of Permit.
1. Authority Granted; No Property Right or Other Interest Created. A permit from the Village authorizes a permittee to undertake only certain activities in accordance with this Division on Village rights-of-way and does not create a property right or grant authority to the permittee to impinge upon the rights of others who may have an interest in the rights-of-way.
2. Duration. No permit issued under this Chapter shall be valid for a period longer than six (6) months unless construction is begun within that period and is thereafter diligently pursued to completion.

E. Insurance.

1. Required Coverages and Limits. Unless otherwise provided by franchise, license, or similar agreement, each utility occupying right-of-way or constructing any facility in the right-of-way shall secure and maintain the following liability insurance policies insuring the utility as named insured and naming the Village, and its elected and appointed officers, officials, agents, and employees as additional insureds on the policies listed in paragraphs a) and b) below:
 - a) Commercial general liability insurance, including premises-operations, explosion, collapse, and underground hazard (commonly referred to as “X,” “C,” and “U” coverages) and products-completed operations coverage with limits not less than:
 - 1) Five million dollars (\$5,000,000) for bodily injury or death to each person;
 - 2) Five million dollars (\$5,000,000) for property damage resulting from any one accident; and
 - 3) Five million dollars (\$5,000,000) for all other types of liability;
 - b) Automobile liability for owned, non-owned and hired vehicles with a combined single limit of one million dollars (\$1,000,000) for personal injury and property damage for each accident;
 - c) Worker’s compensation with statutory limits; and
 - d) Employer’s liability insurance with limits of not less than one million dollars (\$1,000,000) per employee and per accident.

If the utility is not providing such insurance to protect the contractors and subcontractors performing the work, then such contractors and subcontractors shall comply with this Section.

2. Excess or Umbrella Policies. The coverages required by this Section may be in any combination of primary, excess, and umbrella policies. Any excess or umbrella policy must provide excess coverage over underlying insurance on a following-form basis such that when any loss covered by the primary policy exceeds the limits under the primary policy, the excess or umbrella policy becomes effective to cover such loss.
3. Copies Required. The utility shall provide copies of any of the policies required by this Section to the Village within ten (10) days following receipt of a written request therefor from the Village.
4. Maintenance and Renewal of Required Coverages. The insurance policies required by this Section shall contain the following endorsement:

“It is hereby understood and agreed that this policy may not be canceled nor the intention not to renew be stated until thirty (30) days after receipt by the Village, by registered mail or certified mail, return receipt requested, of a written notice addressed to the Village President of such intent to cancel or not to renew.”

Within ten (10) days after receipt by the Village of said notice, and in no event later than ten (10) days prior to said cancellation, the utility shall obtain and furnish to the Village evidence of replacement insurance policies meeting the requirements of this Section.

5. Self-Insurance. A utility may self-insure all or a portion of the insurance coverage and limit requirements required by Subsection 1 of this Section. A utility that self-insures is not required, to the extent of such self-insurance, to comply with the requirement for the naming of additional insureds under Subsection 1, or the requirements of Subsections 2, 3 and 4 of this Section. A utility that elects to self-insure shall provide to the Village evidence sufficient to demonstrate its financial ability to self-insure the insurance coverage and limit requirements required under Subsection 1 of this Section, such as evidence that the utility is a “private self-insurer” under the Workers Compensation Act.
6. Effect of Insurance and Self-Insurance on Utility’s Liability. The legal liability of the utility to the Village and any person for any of the matters that are the subject of the insurance policies or self-insurance required by this Section shall not be limited by such insurance policies or self-insurance or by the recovery of any amounts thereunder.
7. Insurance Companies. All insurance provided pursuant to this section shall be effected under valid and enforceable policies, issued by insurers legally able to conduct business with the licensee in the State of Illinois. All insurance carriers and surplus line carriers shall be rated "A-" or better and of a class size "X" or higher by A.M. Best Company.

F. Indemnification.

By occupying or constructing facilities in the right-of-way, a utility shall be deemed to agree to defend, indemnify and hold the Village and its elected and appointed officials and officers, employees, agents and representatives harmless from and against any and all injuries, claims, demands, judgments, damages, losses and expenses, including reasonable attorney’s fees and costs of suit or defense, arising out of, resulting from or alleged to arise out of or result from the negligent, careless or wrongful acts, omissions, failures to act or misconduct of the utility or its affiliates, officers, employees, agents, contractors or subcontractors in the construction of facilities or occupancy of the rights-of-way, and in providing or offering service over the facilities, whether such acts or omissions are authorized, allowed or prohibited by this Division or by a franchise, license, or similar agreement; provided, however, that the utility’s indemnity obligations hereunder shall not apply to any injuries,

claims, demands, judgments, damages, losses or expenses arising out of or resulting from the negligence, misconduct or breach of this Division by the Village, its officials, officers, employees, agents or representatives.

G. Security.

1. Purpose. The permittee shall establish a Security Fund in a form and in an amount as set forth in this Section. The Security Fund shall be continuously maintained in accordance with this Section at the permittee's sole cost and expense until the completion of the work authorized under the permit. The Security Fund shall serve as security for:
 - a) The faithful performance by the permittee of all the requirements of this Division;
 - b) Any expenditure, damage, or loss incurred by the Village occasioned by the permittee's failure to comply with any codes, rules, regulations, orders, permits and other directives of the Village issued pursuant to this Division; and
 - c) The payment by permittee of all liens and all damages, claims, costs, or expenses that the Village may pay or incur by reason of any action or non-performance by permittee in violation of this Division including, without limitation, any damage to public property or restoration work the permittee is required by this Division to perform that the Village must perform itself or have completed as a consequence solely of the permittee's failure to perform or complete, and all other payments due the Village from the permittee pursuant to this Division or any other applicable law.
2. Form. The permittee shall provide the Security Fund to the Village in the form, at the permittee's election, of cash, a surety bond in a form acceptable to the Village, or an unconditional letter of credit in a form acceptable to the Village. Any surety bond or letter of credit provided pursuant to this Subsection shall, at a minimum:
 - a) Provide that it will not be canceled without prior notice to the Village and the permittee;
 - b) Not require the consent of the permittee prior to the collection by the Village of any amounts covered by it; and
 - c) Shall provide a location convenient to the Village and within the State of Illinois at which it can be drawn.
3. Amount. The dollar amount of the Security Fund shall be sufficient to provide for the reasonably estimated cost to restore the right-of-way to at least as good a condition as that existing prior to the construction under the permit, as determined by the Village Engineer, and may also include reasonable, directly related costs that the Village estimates are likely to be incurred if the permittee

fails to perform such restoration. Where the construction of facilities proposed under the permit will be performed in phases in multiple locations in the Village, with each phase consisting of construction of facilities in one location or a related group of locations, and where construction in another phase will not be undertaken prior to substantial completion of restoration in the previous phase or phases, the Village Engineer may, in the exercise of sound discretion, allow the permittee to post a single amount of security which shall be applicable to each phase of the construction under the permit. The amount of the Security Fund for phased construction shall be equal to the greatest amount that would have been required under the provisions of this Subsection 3 for any single phase.

4. Withdrawals. The Village, upon fourteen (14) days' advance written notice clearly stating the reason for, and its intention to exercise withdrawal rights under this Subsection, may withdraw an amount from the Security Fund, provided that the permittee has not reimbursed the Village for such amount within the fourteen (14) day notice period. Withdrawals may be made if the permittee:
 - a) Fails to make any payment required to be made by the permittee hereunder;
 - b) Fails to pay any liens relating to the facilities that are due and unpaid;
 - c) Fails to reimburse the Village for any damages, claims, costs or expenses which the Village has been compelled to pay or incur by reason of any action or non-performance by the permittee; or
 - d) Fails to comply with any provision of this Division that the Village determines can be remedied by an expenditure of an amount in the Security Fund.
- 5) Replenishment. Within fourteen (14) days after receipt of written notice from the Village that any amount has been withdrawn from the Security Fund, the permittee shall restore the Security Fund to the amount specified in Subsection 3 of this Section.
- 6) Interest. The permittee may request that any and all interest accrued on the amount in the Security Fund be returned to the permittee by the Village, upon written request for said withdrawal to the Village, provided that any such withdrawal does not reduce the Security Fund below the minimum balance required in Subsection 3 of this Section.
- 7) Closing and Return of Security Fund. Upon completion of the work authorized under the permit, the permittee shall be entitled to the return of the Security Fund, or such portion thereof as remains on deposit, within a reasonable time after account is taken for all offsets necessary to compensate the Village for failure by the permittee to comply with any provisions of this Division or other applicable law. In the event of any revocation of the permit, the Security Fund, and any and all accrued interest therein, shall become the property of the Village to the extent necessary to cover any reasonable costs, loss or damage incurred by the Village as a result of said revocation, provided that any amounts in excess of said costs, loss or damage shall be refunded to the permittee.

- 8) Rights Not Limited. The rights reserved to the Village with respect to the Security Fund are in addition to all other rights of the Village, whether reserved by this Division or otherwise authorized by law, and no action, proceeding or exercise of right with respect to said Security Fund shall affect any other right the Village may have. Notwithstanding the foregoing, the Village shall not be entitled to a double monetary recovery with respect to any of its rights which may be infringed or otherwise violated.

H. Permit Suspension and Revocation.

1. Village Right to Revoke Permit. The Village may revoke or suspend a permit issued pursuant to this Division for one or more of the following reasons:
 - a) Fraudulent, false, misrepresenting, or materially incomplete statements in the permit application;
 - b) Non-compliance with this Division;
 - c) Permittee's physical presence or presence of permittee's facilities on, over, above, along, upon, under, across, or within the rights-of-way presents a direct or imminent threat to the public health, safety, or welfare; or
 - d) Permittee's failure to construct the facilities substantially in accordance with the permit and approved plans.
2. Notice of Revocation or Suspension. The Village shall send written notice of its intent to revoke or suspend a permit issued pursuant to this Division stating the reason or reasons for the revocation or suspension and the alternatives available to permittee under this Section 5.20.H.3.
3. Permittee Alternatives Upon Receipt of Notice of Revocation or Suspension. Upon receipt of a written notice of revocation or suspension from the Village, the permittee shall have the following options:
 - a) Immediately provide the Village with evidence that no cause exists for the revocation or suspension;
 - b) Immediately correct, to the satisfaction of the Village, the deficiencies stated in the written notice, providing written proof of such correction to the Village within five (5) working days after receipt of the written notice of revocation; or
 - c) Immediately remove the facilities located on, over, above, along, upon, under, across, or within the rights-of-way and restore the rights-of-way to the satisfaction of the Village providing written proof of such removal to the Village within ten (10) days after receipt of the written notice of revocation.

The Village may, in its discretion, for good cause shown, extend the time periods provided in this Subsection.

4. Stop Work Order. In addition to the issuance of a notice of revocation or suspension, the Village may issue a stop work order immediately upon discovery of any of the reasons for revocation set forth within Subsection 1 of this Section.
 5. Failure or Refusal of the Permittee to Comply. If the permittee fails to comply with the provisions of Subsection 3 of this Section, the Village or its designee may, at the option of the Village: (1) correct the deficiencies; (2) upon not less than twenty (20) days' notice to the permittee, remove the subject facilities or equipment; or (3) after not less than thirty (30) days' notice to the permittee of failure to cure the non-compliance, deem them abandoned and property of the Village. The permittee shall be liable in all events to the Village for all costs of removal.
- I. General Construction Standards.
1. Standards and Principles. All construction in the right-of-way shall be consistent with applicable ordinances, codes, laws rules and regulations, and commonly recognized and accepted traffic control and construction principles, sound engineering judgment and, where applicable, the principles and standards set forth in the following IDOT publications, as amended from time to time:
 - a) Standard Specifications for Road and Bridge Construction;
 - b) Supplemental Specifications and Recurring Special Provisions;
 - c) Highway Design Manual;
 - d) Highway Standards Manual;
 - e) Standard Specifications for Traffic Control Items;
 - f) Illinois Manual on Uniform Traffic Control Devices (92 Ill. Adm. Code § 545);
 - g) Flagger's Handbook; and
 - h) Work Site Protection Manual for Daylight Maintenance Operations.
- J. Location of Facilities.
1. General Requirements. In addition to location requirements applicable to specific types of utility facilities, all utility facilities, regardless of type, shall be subject to the general location requirements of this Subsection.
 - a) No Interference with Village Facilities. No utility facilities shall be placed in any location if the Village Engineer determines that the proposed location will require the relocation or displacement of any of the Village's utility facilities or will otherwise interfere with the operation or maintenance of any of the Village's utility facilities.

- b) Minimum Interference and Impact. The proposed location shall cause only the minimum possible interference with the use of the right-of-way and shall cause only the minimum possible impact upon, and interference with the rights and reasonable convenience of property owners who adjoin said right-of-way.
- c) No Interference with Travel. No utility facility shall be placed in any location that interferes with the usual travel on such right-of-way.
- d) No Limitations on Visibility. No utility facility shall be placed in any location so as to limit visibility of or by users of the right-of-way.
- e) Size of Utility Facilities. The proposed installation shall use the smallest suitable vaults, boxes, equipment enclosures, power pedestals, and/or cabinets then in use by the facility owner, regardless of location, for the particular application.
- f) Minimum Cover of Underground Facilities. Cover shall be provided and maintained at least in the amount specified in the following table for minimum cover for the type of facility:

TYPE OF FACILITY	MINIMUM COVER
Electric Lines	30 inches (0.8 m)
Communication, Cable or Video Service Lines	18 to 24 Inches (0.6 m, as determined by Village)
Gas or Petroleum Products	30 Inches (0.8 m)
Water Line	Sufficient cover to provide freeze protection
Sanitary Sewer, Storm Sewer, or Drainage Line	Sufficient cover to provide freeze protection

K. Clean-up and Restoration.

The utility shall remove all excess material and restore all turf and terrain and other property within ten (10) days after any portion of the rights-of-way are disturbed, damaged or destroyed due to construction or maintenance by the utility, all to the satisfaction of the Village. This includes restoration of entrances and side roads. Restoration of roadway surfaces shall be done using materials and methods approved by the Village Engineer. Such cleanup and repair may be required to consist of backfilling, regrading, reseeding, resodding, or any other requirement to restore the right-of-way to a condition substantially equivalent to that which existed prior to the commencement of the project. The time period provided in this Section may be extended by the Village Engineer for good cause shown.

L. Penalties.

Any person who violates, disobeys, omits, neglects or refuses to comply with any of the provisions of this Division shall be subject to a fine in accordance with the penalty provisions of this Code. There may be times when the Village will incur delays or other costs, including third party claims, because the utility will not or cannot perform its duties under its permit and this Division. Unless the utility shows that another allocation of the cost of undertaking the requested action is appropriate, the utility shall bear the Village's costs of damages and its costs of installing, maintaining, modifying, relocating, or removing the facility that is the subject of the permit. No other administrative agency or commission may review or overrule a permit-related cost apportionment of the Village. Sanctions may be imposed upon a utility that does not pay the costs apportioned to it.

M. Enforcement.

Nothing in this Division shall be construed as limiting any additional or further remedies that the Village may have for enforcement of this Division.

N. Severability.

If any section, subsection, sentence, clause, phrase or portion of this Division is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions hereof.

CHAPTER 6 – WATER SERVICE

The Village of Bellflower operates a public water system supplying drinking water to residents and businesses located within the corporate limits of the village.

Two exceptions to the location requirement exist for residences located outside and immediately adjoining the corporate limits of the village:

- 1) 503 N State St (PIN 32-21-401-005), and
- 2) 510 W Center St (PIN 32-28-101-001).

Water customer charges for water usage and fees are the sole source of water system income. The village tax levy does not include any water system expenses.

6.01 DEFINITIONS

Whenever used in this chapter, the following words or terms shall have the meanings ascribed to them in this section.

- CURB STOP – village-owned water service shutoff valve, usually located in the piping near the curb (between the water main and the customer premises), used to start or stop the flow of water from the main water line.
- CUSTOMER – the person(s) contracting for water service from the village to the premises owned or rented by the water user.
- CUSTOMER SHUTOFF VALVE – an easily accessible valve which allows a customer to turn off water to the premises in case of an emergency.
- OWNER – the person(s) whose name(s) appears on the property title to the premises served by the village water system.
- SERVICE LINE – customer-owned water piping that runs between the curb stop and customer premises.
- USER – see “Customer”.
- VILLAGE – the Village of Bellflower, McLean County, Illinois.
- WATER MAIN – village-owned primary water distribution pipe that supplies water to smaller pipes on the way to homes and businesses.
- WATER TAP – process of connecting the village water main to the curb stop.

BELLFLOWER MUNICIPAL CODE

6.02 APPLICATION FOR SERVICE

Any person desiring water service from the village water system to any premises within the corporate limits of the village shall make written application to the water billing clerk on a form furnished by the water billing clerk and signed by the property owner and resident, if different from property owner.

Any applicant who is delinquent on any water charges due to the village, including water usage and fees, regardless of which premises the delinquency occurred, shall not receive approval for water service without payment in full of such delinquent amounts.

- A. Where a water connection already exists to the premises, the water billing clerk will notify the water superintendent or his designee to turn on water service to the premises.
- B. Where a water connection does not exist to the premises:
 - 1. If a water main exists at the front of the premises, a water tap will be required. See “Water Taps” in section 6.03 of this chapter.
 - 2. If a water main does not exist at the front of the premises, the applicant must request a water main extension. See “Extension of Water Mains” in section 6.06 of this chapter.

6.03 WATER TAPS

An application to install water service, at a location where a water main exists without a connection to a customer’s premises, requires a water tap. A water tap establishes a connection between the water main and the curb stop shutoff valve. The customer service line is the pipe between the curb stop and the customer building.

Only village-approved contractors may work on the village water main(s) under the supervision and review of the water superintendent or his designee. As a result, the village will pay the water tap costs of the village-approved contractor and materials, and the applicant shall reimburse the village for all those costs.

- A. Application Submittal: An application for service requiring a water tap must be submitted at least 1 month before the tap is needed. The 1-month lead time allows the village water department to schedule a village-approved contractor to perform the tap. The water superintendent or his designee will try to coordinate the work schedule so the applicant’s contractor can connect the service line from the curb stop to the applicant’s building at the same time.
- B. Application Details: The application shall state the property owner’s name and contact information, the resident’s name and contact information (if different from the property owner), the physical address of the property, and the McLean County property identification number (PIN) assigned to the parcel.

C. Costs To Owner:

1. The applicant is responsible for all costs related to connections and taps, including contractor labor and materials.
2. Before ordering the tap, the applicant will be responsible for paying a \$2,500.00 water tap deposit. The water tap deposit will be applied against the total water tap cost paid by the village. The applicant will either receive a refund for any excess water tap deposit or will be billed for any balance due.

D. Supervision and Inspection: The water superintendent or his designee shall supervise and inspect all connections and taps. Inspections shall occur before covering any connections and taps. No additional fee will be assessed to the applicant for work supervision and inspection.

E. Location: Location of taps, other connections to village water mains, "curb stops," "stopcocks," "corporation cocks," "service cocks," "shutoff boxes" and all other equipment shall be located as designated by the water superintendent or his designee.

F. Specifications: A village-approved contractor shall make connections with village water mains using materials and fixtures designated by, and in the sizes or other specifications, as required by the village water superintendent or his designee. No soldered or sweat fittings nor lead pipes shall be permitted underground.

6.04 WATER METERS.

The village does not use water meters unless the village board approves an exception. Water usage bills at a flat rate regardless of water usage.

6.05 SERVICE PIPES AND EQUIPMENT.

A. Location of Service Pipes: Along streets where water mains are laid, service pipes will not be allowed to run across lots, that is, from one lot to another, but must be taken from its main in front of the premises or front point in the street adjacent to the same.

B. Pipe Specifications: Water service pipes from the curb stop to the building or other facility for which the water service connection is made shall be constructed according to the specifications designated by the water superintendent or his designee.

C. Repair of Pipes: Repairs to all water main connections, which use iron or enameled iron service pipe, shall include replacing the iron or enameled iron service pipe from the water main to the curb stop with pipe in compliance with subsection B of this section.

D. Customer Shutoff Valve: All water service lines to buildings or other facilities shall include an easily accessible customer shutoff valve which allows a water

customer to turn off water to the premises in case of an emergency. The customer shutoff valve is typically located at a point where the water service line enters the building. The water customer is responsible for any installation and maintenance costs of the customer shutoff valve.

- E. Protection of Pipes and Equipment: Water customers must keep their service pipes and all fixtures connected thereto in good repair and protected from frost at their own expense, and must prevent all unnecessary waste, or upon notice to the customer, water service turn-off will occur. For the purposes of this subsection, service pipes shall mean that portion of the service pipes used by the water customer which lies outside of the curb stop.

6.06 EXTENSION OF WATER MAINS

An application to install water service at a location where a water main does not exist will require a water main extension which expands the infrastructure of the water system. Water main extension requests require review and approval by the water superintendent, the village board, and the Illinois Environmental Protection Agency (IEPA).

No water main extension will be approved if, in the opinion of the water superintendent and the village board, the system does not have the necessary capacity to serve the proposed extension.

If a water main extension is approved, the applicant shall be responsible for all water main extension costs.

Only village-approved contractors may work on village water system main distribution pipes. The water superintendent or his designee will inspect and review the progress of all approved projects.

- A. Application Submittal: An application for water service requiring a water main extension must be submitted at least 1 year before service is desired. Project review, planning, design, approval, and construction necessitate a long lead time. Parties involved include the water superintendent, village board, village engineer, village attorney, and contractors. The village will execute a contract to extend the water main once the village and IEPA approve the plan.
- B. Application Details: The application shall state the property owner's name and contact information, the physical address of the property, the McLean County property identification number (PIN) assigned to the parcel, why the extension is needed, and the expected benefits to be derived from the extension.
- C. Costs: All costs associated with a water main extension are the responsibility of the property developer or property owner. A project plan documenting all estimated costs for planning, designing, reviewing, and installing the extension, plus estimated costs to install any required water taps off the extension, must be submitted to by the applicant and approved by the village engineer and the village board. The applicant shall pay all such project costs according to a payment schedule defined in the project plan.

- D. Supervision and Inspection: The water superintendent or his designee shall supervise and inspect all work. All work shall remain exposed until inspected by the water superintendent or his designee.
- E. Location: Location of pipes, connections, and all related boxes and other equipment shall be designated by the village engineer.
- F. Specifications: All project specifications shall comply with the village engineer’s plan.
- G. The village shall retain ownership of the water main extension.

CHAPTER 8 – GARBAGE AND REFUSE COLLECTION

8.01 RESERVED

8.02 RESERVED

8.03 RESERVED

8.04 NUISANCE AND ABATEMENT

It is in the best interests of the residents of the village for property owners to maintain their property free of garbage and refuse.

Illinois statutes provide that the corporate authorities of a municipality may provide for the removal of garbage, debris, and graffiti from private property when the owner of such property, after reasonable notice, refuses or neglects to remove such garbage, debris and graffiti, and that a municipality may collect from such owner the reasonable cost thereof except in the case of graffiti (65 ILCS 5/11-20-13).

- A. Nuisance Created and Abatement. In accordance with the provisions of Chapter 12 “Nuisances” of this Municipal Code, no person shall permit rubbish, trash, garbage or other debris to remain on their property when, by so doing, the same shall become a nuisance, or a threat to the health, safety and welfare of the residents of the village, or a hazard to the enjoyment of other residents of the village of their property or their life.

When a person shall permit rubbish, trash, garbage or other debris to remain or accumulate on their property, and in so doing, create a nuisance, or a threat to the health, safety and welfare of the residents of the village, the village, by the street commissioner, or through the village board, may cause the removal of such rubbish, trash, garbage or other debris from private property, and shall promptly bill the owner or owners of the private property for the expense in cleaning up the property, including the removal of the rubbish, trash, garbage or other debris from the private property.

- B. Abatement Costs become Lien on Property. The village, by determination of the village street commissioner, or by determination of the village board, may refuse to continue refuse collection and disposal service to any customer when the payment for the bill for such services is two months delinquent.

Further, as provided under the laws of the State of Illinois, the village may remove garbage or debris from the premises of any owner, occupant, or refuse collection customer within the village, even when the aforesaid is delinquent, and the village may collect from such owner of the real estate, from which the garbage and debris were removed, the reasonable cost thereof.

In the event charges for refuse collection and disposal service become delinquent and are not paid in accordance with the provisions of this chapter, any delinquent

charge for refuse collection and disposal services to any premises served by the village refuse collection and disposal service (whether the same is operated by the village or by an independent contractor) shall constitute a lien upon the premises to which such refuse collection and disposal services were supplied.

Further, in abating a nuisance by the removal of garbage, debris, and/or graffiti from private property when the owner of such property, after reasonable notice, refuses or neglects to remove such garbage, debris, and/or graffiti, the village, by determination and order of the village street commissioner, or by determination and order of the village board, may provide for the removal of such garbage, debris, and/or graffiti from private property and collect from the owner of such private property the reasonable cost thereof, except in the case of graffiti.

This cost (for refuse collection and disposal service, or for the removal of garbage and/or debris, or both the charges for refuse collection and disposal service and removal of garbage and/or debris) shall constitute a lien upon the premises to which such refuse collection and disposal services, or removal of garbage and/or debris, were supplied.

This cost shall be a lien upon the real estate affected if, within 60 days after such expense is incurred, the village shall cause notice of lien to be filed in the Office of the Recorder of Deeds of McLean County, Illinois.

In order to establish a lien upon the premises, as aforesaid, the Village Clerk shall send to the owner or owners of record, as referenced by the taxpayer's property identification number, of the real estate served by the village refuse collection system, or of the private property from which garbage and/or debris was removed by order of the village: (i) a copy of each delinquency notice sent to the person or persons delinquent in paying the charges or rates, or other notice sufficient to inform the owner or owners of record, as referenced by the taxpayer's property identification number, that the charges or rates have become delinquent, or that an amount is due for the removal of garbage and/or debris from the private property, and (ii) a notice that unpaid charges or rates, or unpaid amounts for removal of garbage and/or debris, may create a lien on the real estate served by the village refuse collection system.

After sending the required notices, as aforesaid, the Village Clerk is hereby authorized and directed to cause sworn statements showing such delinquencies to be filed in the Office of the Recorder of Deeds of McLean County, Illinois, from time to time, establishing as a matter of record as to such real estate the delinquency of the payment for refuse collection and disposal services, and/or the delinquency of the payment for removal of garbage and/or debris. Said statement may also be signed and filed by the village attorney at the direction of the Village Clerk. Such statement shall contain the legal description of the premises served, the amount of the unpaid bill, or the amount of money representing the cost and expense incurred or payable for the service, or for the cost of removal of garbage and debris, the date or dates when such cost and expense was or were incurred by the municipality, and a notice that the Village of Bellflower claims a lien for this amount, as well as for all

charges for refuse collection and disposal service, and/or for the cost of removal of garbage and debris, subsequent to the period covered by the bill. The filing of such statement shall be deemed notice for the payment of such charges for refuse collection and disposal service, and/or for the cost of removal of garbage and debris, and penalties for late payment. The Village Clerk shall cause a copy of the notice of the lien to be sent to the owner or owners of record of the real estate as referenced by the taxpayer's property identification number.

Upon payment of the costs and expenses by the owner(s) or person(s) interested in such property, and upon payment of the recording fee paid to the Recorder of Deeds to record the notice of lien, the lien shall be released by the village, in writing, which release shall be forwarded to the owner or occupant against whose name the lien was filed, and who shall be responsible for bearing the recording fee to record the release of the lien, and who shall be responsible for recording said release promptly upon its receipt.

The fees to be charged for towing and storage services shall be no more than maximum rates set by the village trustees pursuant to the provisions of subsection (E5) of this Section 12.08.01. No vehicle about which such a decision has been rendered shall be towed by the village unless the circumstances under which the decision was rendered have changed. If at some subsequent time the village should wish to tow the vehicle from the same location, it shall follow the same procedures required for the towing of any other similarly situated vehicle.

official making the delivery shall be noted in the village records or reports. The notice shall be in the forms provided in subsection (G1) and subsection (G2) of this Section 12.08.01 and shall be mailed or delivered within 24 hours of the tow, as provided in subsection (B1). In the event the village has towed an out-of-state hazardous or unlawful vehicle, inquiry by computer, telephone or letter shall be made of the Secretary of State of the particular jurisdiction for the furnishing of the most current registered name and address of the owner of the vehicle, and notice shall be mailed as provided herein to the address furnished.

2. Posting of Signs Showing Hearing Rights. All approved towing service operators shall prominently post at least one sign, with dimensions of at least 12 inches by 18 inches, indicating the opportunity and procedures for a hearing to contest the validity of a towed vehicle. The sign, the form for which is set out in subsection (G1), shall be placed in one or more locations readily visible to the public transacting business at any towing facility. If a towing service operator performs services for more than one municipality, the information for contacting the various appropriate municipal offices and officials can be listed in one such sign, the format for which shall be substantially similar to the form set out in subsection (G1).
3. Requests for Post-Tow Hearing. Requests for hearing may be made in person at the office or to the official indicated on the notice within 15 days of the mailing or personal delivery of the notification of tow, or release of the vehicle, whichever occurs first; otherwise, the right to a hearing shall be deemed waived. Requests for hearing by persons who reside more than 50 miles from the village may be made in person or by mail received by the village within the 15-day period.
4. Release of Motor Vehicles. Before the owner or person entitled to possession of any impounded vehicle shall be permitted to remove same, the owner or other person entitled to possession shall furnish evidence of his or her identity, ownership of the vehicle, or his or her right to possession, sign a receipt for the vehicle, and pay the amount currently owed for towing and storage fees to the towing service operator. The village trustees are authorized to promulgate regulations as to the documents or other proof necessary to establish these facts.
5. Establishment of Maximum Towing and Storage Rates. The owner shall pay fees to the towing service operator for towing and storage on village ordered tows at rates that do not exceed maximum amounts to be administratively established by the village trustees and which may be revised from time to time. The basic rates for such fees shall be shown in the form and sign concerning vehicle release requirements set forth in subsection (G1). However, nothing in this ordinance is intended to prevent a competitive towing service operator from charging less than the established maximum rates for village-ordered or any other tows. In arriving at the maximum rates for various services, the village trustees shall consider such matters as the prevailing market rates in the area for the different types of vehicles, the types of storage and area requirements

for categories such as large trucks and commercial vehicles, and the relative difficulties and amount of work required to perform various types of towing operations. For particularly difficult or unusual towing jobs, such as large or serious accidents, the village trustees are authorized to allow towing operators to charge rates above those established for normal situations, which special charges must be based upon the cost of services provided, taking into account such matters as the man-hours and equipment time required for the job. A towing service operator must fully itemize in writing the details of such billing at special rates for a particularly difficult or unusual tow and supply a copy of the itemized bill to the owner and to the village. Any such special rates charged must be customary in the towing industry in the area for the nature and extent of the services provided. 1. Notice pursuant to this subsection shall be personally delivered to the owner or shall be forwarded by certified or registered mail, return receipt requested, to the address of the owner of the premises on which the junk, vehicle parts, used machinery, non-functional equipment, refuse, trash, and other similar items and substances are located. Notice shall be in the form provided in subsection (Q) of this Section 12.08.01.
2. A notice of intent to remove sticker with the earliest date upon which the removal may take place and the address and telephone number of the appropriate village official or other personnel shall be placed in a conspicuous place on the premises on or near the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, to be removed.

M. Pre-Removal Hearing Procedures.

1. Opportunity for Hearing. The owner or person entitled to possession of the premises on which junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, to be removed is located shall have seven days after the date of mailing or personal delivery of the Notice to request, in writing, a pre-removal hearing. After this seven-day period, the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, may be removed, if the owner has not filed a written hearing request within the seven-day period, and any hearing rights under the provisions of this ordinance shall be deemed waived.
2. Scheduling of Pre-Removal Hearing. The pre-removal hearing shall be scheduled for a date within 14 days of the mailing or personal delivery of the pre-removal notice. The village shall not be required to delay removal longer than such 14-day period.
3. Request for Pre-Removal Hearing. Requests for a pre-removal hearing are to be made in person to the individual address indicated on the notice. Request for hearing by persons who reside more than 50 miles from the village may be made by mail. Forms for such request shall be made available by the village clerk or police official. At the time of making the request, the owner will be provided a hearing date and time by mail or in person, as the circumstances require.
4. Appointment of Hearing Officer. The village shall choose an officer or employee of the village to serve as a hearing officer. In no case shall that hearing officer be an individual who was involved in the initial decision to remove the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances. The hearing officer shall have the authority to require the presence of the enforcement official who initiated the proposed removal or any other village personnel.

5. Nature of Hearing. The hearing shall be informal in nature, and the rules of evidence shall not apply. The hearing will not be determinative of, or adjudicate, any citation relative to the presence of any junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances upon any described premises. After receiving all relevant evidence, the hearing officer shall make a written decision (pre-removal hearing decision), based upon a preponderance of the evidence as to whether removal of the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances is authorized by the laws of the State of Illinois or the ordinances of the village, with a specific statutory or ordinance section cited in the decision. The owner shall be provided a copy of the pre-removal hearing decision.
6. Decision to Remove and Rates to be Charged. If the preponderance of the evidence supports removal and compliance with the provisions of this ordinance, the hearing officer shall direct that the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, be removed with any removal and storage cost to then be imposed upon the owner thereof. The fees to be charged for removal and storage services shall be no more than the maximum rates set by the village trustees pursuant to the provisions of subsection (N5) of this Section 12.08.01. The owner of said junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, having had a pre-removal hearing, may avoid the removal by immediately removing the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, from the improper location to a proper, lawful location and correcting any unlawful condition of the premises in regard to the presence thereon of junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, such as to constitute a nuisance or other violation of the ordinances of the village.
7. Decision Not to Remove. If the preponderance of the evidence fails to support removal of the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, the hearing officer shall direct, that the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, shall not be removed, the village shall furnish a copy of such decision to the owner, who may place it on or about the premises in a location plainly visible from the street, such as a window, wall of a building, or other easily visible place. No junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, about which such a decision has been rendered shall be removed by the village unless the circumstances under which the decision was rendered have changed. If at some subsequent time the village should wish to remove the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, from the same location, it shall follow the same procedures required for the removal of any other similarly situated items.
8. Reports and Documents to be Retained; Contesting Decisions. Originals or copies of all notices, pre-removal hearing decisions, removal reports, and any

associated police reports or documents shall be retained by the Village Clerk for a period of at least five years after each hearing, or after each removal if no hearing was requested or held. The village or the owner may contest the decision of the hearing officer in any manner provided by law.

N. Post-Removal Notice for Hazardous and Unlawful Junk, Vehicle Parts, Used Machinery, Trash, Refuse, or Similar Items or Substances.

1. Mailing or Delivery of Notice. Notice pursuant to this section shall be forwarded by certified or registered mail, return receipt requested, to the address of the owner of the premises on which the junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances are located. Notice shall be in the form provided in subsection (P1) of this Section 12.08.01, and shall be mailed or delivered within 24 hours of the removal; as provided in subsection (B1).
2. Posting of Signs Showing Hearing Rights. All approved junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, removal service operators shall prominently post at least one sign, with dimensions of at least 12 inches by 18 inches, indicating the opportunity and procedures for a hearing to contest the validity of a removed item or items. The sign, the form for which is set out in subsection (P1) shall be placed in one or more locations readily visible to the public transacting business at any removal service facility. If a removal service operator performs services for more than one municipality, the information for contacting the various appropriate municipal offices and officials can be listed in one such sign, the format for which will be substantially similar to the form set out in subsection (P1).
3. Requests for Post-Removal Hearing. Requests for a hearing may be made in person at the office or to the official indicated on the notice within 15 days of the mailing or personal delivery of the notification of removal, or release of the items removed, whichever occurs first; otherwise, the right to a hearing shall be deemed waived. Request for hearing by persons who reside more than 50 miles from the village may be made in person or by mail received by the village within the 15-day period.
4. Release of Removed Items. Before the owner or person entitled to possession of any impounded personal property removed from the premises of the owner or person entitled to possession of said items shall be permitted to remove the same, the owner or other person entitled to possession shall furnish evidence of his or her identity, ownership of the items removed, or his or her right to possession of the same, sign a receipt for the items removed, and pay the amount currently owed for removal and storage fees to the removal service operator. The village trustees are authorized to promulgate regulations as to the documents or other proof necessary to establish these facts.

5. Establishment of Maximum Removal and Storage Rates. The owner shall pay fees to the removal service operator for removal and storage on village-ordered removals at rates that do not exceed maximum amounts to be administratively established by the village trustees and which may be revised from time to time. The basic rates for such fees shall be shown in the form and sign concerning release requirements set forth in subsection (P1). However, nothing in this ordinance is intended to prevent a competitive removal service operator from charging less than the established maximum rates for village-ordered or any other removals. In arriving at the maximum rates for various services the village trustees shall consider such matters as the prevailing market rates in the area for the different types of items to be removed, the types of storage and area requirements for categories such as junk vehicles, operable vehicles, metal storage, wood storage, and the like, and the relative difficulties and amount of work required to perform various types of removal operations. For particularly difficult or unusual removal jobs, the village trustees are authorized to allow removal service operators to charge rates above those established for normal situations, which special charges must be based upon the cost of services provided, taking into account such matters as the man-hours and equipment time required for the job. A removal service operator must fully itemize in writing the details of such billing at special rates for a particularly difficult or unusual removal and supply a copy of the itemized bill to the owner and to the village. Any such special rates charged must be customary in the removal service industry in the area for the nature and extent of the services provided. Every removal service operator and the village shall have available a copy of the complete current rates schedule and any special rate policy established by the village trustees for owners of personal property removed to review upon request.

- O. Post-Removal Hearing Procedure.
 1. Opportunity for Hearing. The owner of personal property removed as hazardous or unlawful junk, vehicle parts, used machinery, non-functional equipment, trash, refuse, or similar items or substances, by or pursuant to the authority of the village as set forth herein, shall be provided the opportunity for a post-removal hearing to determine the validity of such removal and any removal or storage charges. The hearing will not be determinative of, or adjudicate, any citation issued relative to the personal property removed.
 2. Nature of the Hearing and Hearing Officer. The nature of the hearing and the appointment of the hearing officer shall be the same as set forth above in subsections (M4) and (M5).
 3. Scheduling of Post-Removal Hearings. Hearings shall take place as follows:
 - a) In those instances where the personal property has been released upon the deposit of the full payment currently owed for removal and storage charges and the owner has properly requested a hearing, the hearing

shall take place within 15 days after the release of such personal property, unless the owner requests a later date convenient to all parties.

b) In those instances where the personal property remains impounded the hearing shall take place, at the option of the owner:

1) on the next day after the owner's demand for such hearing, excluding Saturdays, Sundays and holidays; if such demand is made after 3:00 p.m., or if the unavailability of a necessary witness or evidence creates a particular difficulty in conducting the hearing on the next calendar day, then a hearing shall be held on the second day following the request, excluding Saturdays, Sundays and holidays; or

2) if acceptable to the owner, within 15 days of said request on a date convenient to all parties.

4. Conduct of Post-Removal Hearing. The hearing officer shall review all evidence presented by the personal property owner and the village and shall make a finding based upon the preponderance of the evidence presented, as to the lawful authority for the removal and storage of the personal property. The village must establish such authority by a preponderance of the evidence.

5. Post-Removal Hearing Decision. The village or the owner of the personal property may contest the decision or the hearing in any manner provided by law.

7. Removal Services Subject to Ordinance. Notwithstanding any other ordinance or statutory provisions to the contrary, any removal service operator authorized to perform removals of personal property on behalf of the village must perform its services subject to the provisions of this ordinance. However, the removal company shall have the right to recover the reasonable value of its services from the village for police-ordered removals which are not paid by the personal property owner. Provided, however, that if a removal or the charge for a removal of personal property is found by a court to be illegal and the removal service operator is required to return the charge for the removal to the owner of the personal property, the village shall not be liable to reimburse the operator for the removal charges.

 - 1) to permit the extension of a District or the boundary line of a District that divides a lot in single ownership as shown of record prior to date of initial passage of this Ordinance.
 - 2) to permit a front yard, side yard, or rear yard less than that required by this Ordinance, but such variation shall not exceed 25 percent of the depth of the front yard, or the depth of the rear yard, or of the width of a side yard, as required by this Ordinance.
 - 3) to permit a building to exceed the height limit by not more than 10 percent of the maximum height allowed by this Ordinance.
 - 4) to permit the use of a lot less in area by not more than 10 percent of the lot area required for such use by this Ordinance.
 - 5) to permit the use of a lot less in width by not more than 15 percent of the lot width required for such use by this Ordinance.
 - 6) to permit the same off-street parking facility to qualify as required facilities for two or more uses, provided that substantial use of such facility by each user does not take place at approximately the same days of the week.
 - 7) to reduce the applicable off-street parking or loading facilities required by not more than one parking space or loading space, or 20 percent of the applicable regulations, whichever number is greater.
 - 8) to increase by not more than 25 percent the maximum distance that required parking spaces are permitted to be located from the use served.
 - b) **Final Decisions Rendered by the Zoning Board of Appeals Regarding Variations.** The concurring vote of a majority of all members of the Zoning Board of Appeals shall be necessary to recommend to the Village Board of Trustees and, when applicable, to decide a variation. The Village Board

of Trustees, by ordinance and without further public hearing may adopt a proposed variation, other than a variation upon which the Zoning Board of Appeals is required to decide, or that may be referred to the Zoning Board of Appeals for further consideration, and any such proposed variation which fails to receive a favorable recommendation of the Zoning Board of Appeals shall not be adopted except by favorable vote of three-fourths of all the corporate authorities then holding office in the Village of Bellflower, Illinois. All decisions made by the Zoning Board of Appeals or by the Village Board of Trustees shall be final, subject only to judicial review in accordance with applicable statutes of the State of Illinois. No order of the Village Board of Trustees, or, when applicable, the Zoning Board of Appeals, granting a variation shall be valid for a period longer than one year from the date of such order unless the building or any other required permit is obtained within such period and the erection or alteration of a building structure or land improvement has been substantially completed or the use has commenced within such period.

5. Standards. The Zoning Board of Appeals shall not vary the provisions of this Ordinance as authorized in this section unless it shall have made findings based upon the evidence presented to it in the following specific cases:
- a) That the physical surroundings, shape, or topographical conditions of the specific property involved would bring a hardship upon the owner as distinguished from a mere inconvenience if the strict letter of the regulation were to be carried out.
 - b) That the conditions upon which the petition for variation is based would not be applicable generally to other property within the same zoning classification.
 - c) That the purpose of the variation is not based exclusively upon a desire to make more money out of the property.
 - d) That the alleged difficulty or hardship has not been created by any person presently having an interest in the property.
 - e) That the granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located; or
 - f) That the proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the danger of fire or otherwise endanger the public safety, or substantially diminish or impair property values within the neighborhoods.

The Zoning Board of Appeals shall require such conditions and restrictions upon the premises benefited by a variation as may be necessary to comply with the standards set forth in this Section to reduce or minimize the injurious effect of such variation upon other

property in the neighborhood, and to implement the general purpose and intent of this ordinance.

F. Amendments.

1. Authority. The regulations imposed and the Districts created under the authority of this Ordinance may be amended from time to time by Ordinance in accordance with applicable Statutes of the State of Illinois. An amendment shall be granted or denied by the Village Board of Trustees only after a public hearing before the Zoning Board or Appeals and a report of its findings and recommendations has been submitted to the Village Board of Trustees.
2. Initiation. Map or text amendments, or both, may be proposed by the Village Board of Trustees, by the Zoning Board of Appeals, or upon payment of a \$100.00 filing fee for a map amendment or a \$75.00 fee for a text amendment by a resident or property owner in the Village of Bellflower. A resident of or a property owner in the Village of Bellflower shall also pay any publication fee charged by the newspaper in which notice is published of the hearing on the amendment, promptly upon demand by the Village Clerk, and subsequent to the time that the publication fee charge is made known to the Village Clerk, but prior to the hearing before the Zoning Board of Appeals. Property owners that will be affected by this proposed change will be contacted in person or by mail. Upon filing the application for amendment, the applicant shall pay the filing fee, and shall subsequently pay any publication fee as aforesaid.
3. Procedure. An application for an amendment shall be filed with the Village Clerk. Such application shall be forwarded to the Zoning Board of Appeals by the Village Clerk with a request to hold a public hearing in accordance with applicable Statutes of the State of Illinois, of which there shall be a notice of time and place of the hearing published or posted at least once, not more than 30 days nor less than 15 days before the hearing, in a newspaper within the county, circulated within the village, or by notices posted in at least four central locations within the village. Supplemental or additional notices may be published or distributed as the Zoning Board of Appeals may, by rule, prescribe from time to time. After such public hearing, the Zoning Board of Appeals shall submit a report of its findings and recommendations to the Village Board of Trustees.
4. Decisions. 5. Findings of Fact and Recommendation of the Zoning Board of Appeals. Within 30 days after the close of the hearing on a proposed amendment, the Zoning Board of Appeals shall make its findings and recommendation based upon the evidence presented to it in each specific case with respect to the following matters:
 - a) Existing uses of property within the general area of the property in question.
 - b) The zoning classification of the property within the general area of the property in question.
 - c) The suitability of the property in question to the uses permitted under the existing zoning classification.
 - d) The trend of development, if any, in the general area of the property in question, including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification.
 - e) The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment until after it finds that the adoption of such amendment is in the public interest and is not solely for the interest of the applicant.

G. Additional Permitted Uses.

1. Authority. Additional permitted uses shall be authorized or denied by the Village Board of Trustees in accordance with the regulations and conditions set forth in this Ordinance for additional permitted uses. No application for an additional permitted use shall be acted upon by the Village Board of Trustees until after:
 - a) A written report is prepared and forwarded to the Village Board of Trustees by the Zoning Board of Appeals in the manner prescribed herein for amendments to this Ordinance; and
 - b) A public hearing has been held by the Zoning Board of Appeals, in accordance with applicable Statutes of the State of Illinois, of which there shall be a notice of time and place of the hearing published at least once not more than 30 nor less than 15 days before the hearing in one or more newspapers published in the village; or if none, then in a newspaper of general circulation within the village. Supplemental or additional notices may be published or distributed as the Zoning Board of Appeals may, by rule, prescribe from time to time. After such public hearing, the Zoning Board of Appeals shall submit a report of its findings and recommendations to the Village Board of Trustees.
2. Initiation. An application for an additional permitted use may be made by any officer, department, board, bureau, or commission of the Village of Bellflower requesting or intending to request an additional permitted use, or by any

person, firm, or corporation, upon payment of a \$100.00 filing fee by a resident of or a property owner in the Village of Bellflower. A resident of or a property owner in the Village of Bellflower shall also pay the publication fee charged by the newspaper in which notice is published of the hearing on the application for an additional permitted use, promptly upon demand by the Village Clerk and subsequent to the time that the publication fee charge is made known to the Village Clerk, but prior to the hearing before the Zoning Board of Appeals. The Village Clerk shall cause proper notice to be published in a paper published within the village, in the event that there is a newspaper published in the village; otherwise in a newspaper of general circulation within the village, giving notice of the time and place of the hearing and the subject matter of the hearing, said notice to be published not more than 30 nor less than 15 days prior to the hearing. Upon filing the application for an additional permitted use, the applicant shall pay the filing fee, and shall subsequently pay the publication fee as aforesaid.

3. Procedure. An application for an additional permitted use, in such form and accompanied by such information as shall be established from time to time by the Zoning Board of Appeals, shall be filed with the Village Clerk and thereafter processed in the manner prescribed heretofore for applications for amendments.
4. Decisions. The Village Board of Trustees, upon report of the Zoning Board of Appeals and without further hearing, may authorize or deny an application for an additional permitted use in accordance with the Statutes of the State of Illinois applicable to amendments, or may refer it back to the Zoning Board of Appeals for further consideration.
5. Standards. No additional permitted use shall be authorized by the Village Board of Trustees unless the additional permitted use:
 - a) Is deemed necessary for the public convenience at that location.
 - b) Is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected; and
 - c) Would not cause substantial injury to the value of other property in the neighborhood in which it is located.
6. Violations and Penalties. Any person, firm, or corporation, who with intent violates, omits, neglects, or refuses to comply with, or who resists the enforcement of any of the provisions of this Ordinance shall, upon conviction, be fined not less than \$50.00 nor more than \$200.00 for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

H. Special Use Permits.

1. General Considerations and Authority.

- a) Purpose. Because of their unique and potentially harmful characteristics, certain uses are not provided as permitted uses or additional permitted uses in some zoning districts. However, some uses not provided as permitted or additional permitted uses in some districts may, under certain conditions and/or circumstances, be considered not to be harmful or deleterious in a designated part of a zoning district. In such case, such use may be appropriate in a district or districts only upon consideration in each case of the impact of such use upon neighboring land and of the public need for such a use at the location. Such uses, hereby designated as Special Uses, fall into two categories:
 - 1) Uses either governmentally owned and operated or operated by regulated public utilities or traditionally affected by a public interest; and
 - 2) Uses entirely private in character but of such a nature that their operation may give rise to unique problems with respect to their impact upon neighboring property or public facilities.

- b) Delegation of Power. The Village Board of Trustees is hereby authorized to decide whether special use permits shall be granted subject to the general and specific standards contained in the ordinance; to grant special use permits with such conditions or restrictions as are appropriate to protect the public interest and to secure compliance with these regulations; and to deny requests which fail to satisfy the standards and requirements contained herein and which are not in harmony with the purposes and interests of these regulations and the health, safety, and welfare of the community. The Village Board of Trustees shall not act on a special use permit application until after a public hearing has been held by the Zoning Board of Appeals. In no event shall a special use permit be granted where the proposed use is not authorized by the terms of this ordinance, or where the standards under this Section 21.17(H) are not found to exist.

- c) Conditions and Guarantees. Prior to the granting of any special use permit, the Zoning Board of Appeals may recommend, and the Village Board of Trustees may stipulate, such conditions and restrictions upon the establishment, location, construction, maintenance, and operation of the special use as is deemed necessary for the protection of the public interest and to secure compliance with the standards and conditions contained herein. In all cases in which a special use permit is granted, the Zoning Board of Appeals may recommend or the Village Board of Trustees may require such evidence and guarantees as may be deemed necessary to ensure that the conditions stipulated are being, and will be, fully complied with.

2. Procedure.

- a) Initiation. An application for a general special use permit may be made by any officer, department, board, bureau, or commission, of the Village of Bellflower requesting or intending to request, a general special use permit, or by any person, firm, or corporation, upon payment of a \$100.00 filing fee by a resident of or a property owner in the Village of Bellflower. A resident of or a property owner in the Village of Bellflower shall also pay the publication fee charged by the newspaper in which notice is published of the hearing on the application for a general special use permit, promptly upon demand by the Village Clerk, but prior to the hearing before the Zoning Board of Appeals. The Village Clerk shall cause proper notice to be published in a newspaper published within the village, in the event that there is a newspaper published in the village; otherwise in a newspaper of general circulation within the village, giving notice of the time, place and location of the hearing and the subject matter of the hearing, said notice to be published not more than 30 nor less than 15 days prior to the hearing. Upon filing the application for a general special use permit, the applicant shall pay the filing fee, and shall subsequently pay the publication fee as aforesaid.
- b) Procedure. An application for a general special use permit, in such form and accompanied by such information as shall be established from time to time by the Zoning Board of Appeals, shall be filed with the Village Clerk and processed in the manner prescribed heretofore for applications for amendments. Further, a Site Plan shall be required to be submitted containing information as follows shall be submitted with the application. All applicants for a general special use permit shall submit, with their application, three copies of the site plan for the property which shall include the following:
- 1) A site plan showing:
 - (i) Approximate size and locations of all structures.
 - (ii) Access from streets.
 - (iii) Parking arrangements and numbers of spaces.
 - (iv) Interior drives and service areas.
 - (v) All proposed signs.
 - 2) Location map showing development and zoning of adjacent property within 100 feet of the boundaries (in all directions) of the subject property.
 - 3) The full legal description of the boundaries of the subject property intended to be covered by the special use permit.
 - 4) A description of the general character of all structures.

- c) Hearing. Upon receipt of the formal application and all accompanying documents, the Village Clerk shall set the matter for a public hearing before the Zoning Board of Appeals and shall cause notice to be published as required by this ordinance and by state law.
 - d) The Zoning Board of Appeals shall submit a written report m recommendation to the Village Board of Trustees within 30 days after the close of the public hearing. The concurring vote of at least five members of the Zoning Board of Appeals shall be necessary to recommend approval to the Village Board of Trustees of a general special use permit application. In making a recommendation to the Village Board of Trustees, the Zoning Board of Appeals shall specify the particular grounds relied upon and their relation to the proposed use and shall make affirmative findings that the proposed use conforms with the general standards set forth in this Section 21.17(H). In no case shall a general special use permit be granted if the proposed use will constitute a nuisance or a public health or safety hazard to adjacent properties or to the community at large.
 - e) Decisions. The Village Board of Trustees, upon report of the Zoning Board of Appeals and without further hearing, may, by majority vote, grant or deny an application for a special use permit in accordance with the laws of the State of Illinois applicable to such matters, or may refer the matter back to the Zoning Board of Appeals for further consideration.
3. Standards for Issuance of Special Use Permits. Generally, before any special use permit shall be granted, the Zoning Board of Appeals shall make written findings certifying that adequate provision has been made for the following:
- a) The proposed special use will not be detrimental to or endanger the health, safety, morals, comfort, or welfare of the public.
 - b) The proposed special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for purposes already permitted or substantially diminish property values in the immediate area.
 - c) The proposed special use will not impede the orderly development of the surrounding property for uses permitted in the district.
 - d) Adequate utilities, access roads, drainage and/or other necessary facilities have been or will be provided.
 - e) Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
 - f) The establishment, maintenance and operation of the special use will be in conformance with the preamble to the regulations of the district in which the special use is proposed to be located.

- g) The proposed special use, in all other respects, conforms to the applicable regulations of the district in which it is located.
4. Additional Considerations for Special Uses. In granting a special use permit, the Village Board of Trustees may impose conditions, safeguards and restrictions upon the premises to reduce or minimize any potential injurious effect of such special use(s) upon other property in the neighborhood, and to carry out the general purpose and intent of this ordinance.
5. Time Limitations.
- a) Sunset. A special use permit shall expire, upon public hearing, unless a construction permit is taken within 12 months (of the date the Village Board of Trustees grants the special use permit) to effectuate such specially permitted use, or if no construction permit is required, evidence of use is not filed with the Village Clerk within 12 months (of the date the Village Board of Trustees grants the special use permit).
 - b) Abandonment. Once a specially permitted use ceases or is abandoned for a period of more than 180 days, the special use permit shall expire upon public hearing being held concerning such abandonment, said hearing to be held before the Zoning Board of Appeals.
 - c) The Village Board of Trustees may revoke a special use permit, after conducting a public hearing concerning the facts involving the request for revocation of the special use permit:
 - 1) For a violation of the codes and ordinances of the Village of Bellflower and the laws of the State of Illinois concerning zoning matters, including, but not limited to, the zoning ordinance of said village.
 - 2) For a violation of the zoning district regulations.
 - 3) For non-compliance with any of the conditions, limitations or requirements contained in the special use permit or this ordinance.
6. Effect of Denial of a Special Use Permit. No application for a special use permit which has been denied wholly or in part by the Village Board of Trustees shall be re-submitted for a period of one year from the date of the action stating the denial, except on the grounds of new evidence establishing proof of change of conditions found to be valid by the Zoning Board of Appeals.
7. Violations and Penalties. Any person, firm, or corporation, who with intent violates, omits, neglects, or refuses to comply with, or who resists the enforcement of any of the provisions of this Ordinance shall, upon conviction, be fined not less than \$50.00 nor more than \$200.00 for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

E. Payment. Any payment or remittance received for a tax period shall be applied in the following order: (1) first to the tax due for the applicable period; (2) second to the interest due for the applicable period; and (3) third to the penalty for the applicable period.

F. Certain Credits and Refunds.

1. The village shall not refund or credit any taxes voluntarily paid without written protest at the time of payment if a locally imposed and administered tax is declared invalidly enacted or unconstitutional by a court of competent jurisdiction. However, a taxpayer shall not be deemed to have paid the tax voluntarily if the taxpayer lacked knowledge of the facts upon which to protest the taxes at the time of payment or if the taxpayer paid the taxes under duress.

2. The statute of limitations on a claim for credit or refund shall be four years after the end of the calendar year in which payment in error was made. The village shall not grant a credit or refund of locally imposed and administered taxes, interest, or penalties to a person who has not paid the amounts directly to the village.

5) A request for either a refund or a credit in connection with the claim to be applied to the amount of tax, interest and penalties

overpaid, and, as applicable, related interest on the amount overpaid; provided, however, that there shall be no refund and only a credit given in the event the taxpayer owes any monies to the village.

- b) Within ten days of the receipt by the local tax administrator of any claim for a refund or credit, the local tax administrator shall either:
 - 1) grant the claim; or
 - 2) deny the claim, in whole or in part, together with a statement as to the reason for the denial or the partial grant and denial.
 - c) In the event the local tax administrator grants, in whole or in part, a claim for refund or credit, the amount of the grant for refund or credit shall bear interest at the rate of four percent per annum, based on a year of 365 days and the number of days elapsed, from the date of the overpayment to the date of mailing of a refund check or the grant of a credit.

 - 3. The taxpayer may request an extension of time to have an audit conducted. The audit shall be conducted not less than seven days nor more than 30 days from the date the notice is given unless the taxpayer and the local tax administrator agree to some other convenient time. In the event taxpayer is unable to comply with the audit on the date in question, the taxpayer may request another date within the 30 days, approved in writing, that is convenient to the taxpayer and the local tax administrator.
 - 4. Every taxpayer shall keep accurate books and records of the taxpayer's business or activities, including original source documents and books of entry denoting the transactions which had given rise or may have given rise to any tax liability, exemption, or deduction. All books shall be kept in the English language and shall be subject to and available for inspection by the village.

5. It is the duty and responsibility of every taxpayer to make available his, her or its books and records for inspection by the village. If the taxpayer fails to provide the documents necessary for audit within the time provided, the local tax administrator may issue a tax determination and assessment based on the tax administrator's determination of the best estimate of the taxpayer's tax liability.
6. If an audit determines there has been an overpayment of a locally imposed and administered tax as a result of the audit, written notice of the amount of overpayment shall be given to the taxpayer within 30 days of the village's determination of the amount of overpayment.
7. In the event a tax payment was submitted to the incorrect local governmental entity, the local tax administrator shall notify the local governmental entity imposing such tax.

H. Appeal.

2. A taxpayer who receives written notice from the local tax administrator of a determination of tax due or assessment may file with the local tax administrator a written protest and petition for hearing, setting forth the basis of the taxpayer's request for a hearing. The written protest and petition for hearing must be filed with the local tax administrator within 45 days of the receipt of the written notice of the tax determination and assessment.
3. If a timely written notice and petition for hearing is filed, the local tax administrator shall fix the time and place for hearing and shall give written notice to the taxpayer. The hearing shall be scheduled for a date within 14 days of receipt of the written protest and petition for hearing unless the taxpayer requests a later date convenient to all parties.
4. If a written protest and petition for hearing is not filed within the 45-day period, the tax determination, audit, or assessment shall become a final bill due and owing without further notice.

5. Upon the showing of reasonable cause by the taxpayer and the full payment of the contested tax liability along with interest accrued as of the due date of the tax, the local tax administrator may reopen or extend the time for filing a written protest and petition for hearing. In no event shall the time for filing a written protest and petition for hearing be reopened or extended for more than 90 days after the expiration of the 45-day period.
- I. Hearing.
1. Whenever a taxpayer or a tax collector has filed a timely written protest and petition for hearing under subsection [33.10\(H\)](#), above, the local tax administrator shall conduct a hearing regarding any appeal.
 2. No continuances shall be granted except in cases where a continuance is necessary to protect the rights of the taxpayer. Lack of preparation shall not be grounds for a continuance. Any continuance granted shall not exceed 14 days.
 3. At the hearing, the local tax administrator shall preside and shall hear testimony and accept any evidence relevant to the tax determination, audit, or assessment. The strict rules of evidence applicable to judicial proceedings shall not apply.
 4. At the conclusion of the hearing, the local tax administrator shall make a written determination based on the evidence presented at the hearing. The taxpayer or tax collector shall be provided with a copy of the written decision.
- J. Interest and Penalties. In the event a determination has been made that a tax is due and owing, through audit, assessment or other bill sent, the tax must be paid within the time frame otherwise indicated.
1. Interest. The village hereby provides for interest to be assessed on an overdue payment, underpayment, or nonpayment of the tax, to be four percent per annum, based on a year of 365 days and the number of days elapsed.
 2. Late Filing and Payment Penalties. If a tax return is not filed within the time and manner provided by the controlling tax ordinance but is filed prior to the village issuing a notice of tax delinquency or notice of tax liability, a late filing penalty of four percent of the amount of tax required to be shown as due on a return shall be imposed; and a late payment penalty of four percent of the tax due shall be imposed. If no return is filed within the time or manner provided by the controlling tax ordinance and prior to the village issuing a notice of tax delinquency or notice of tax liability, then a failure to file and a failure to pay penalty shall be assessed each equal to 10% of the total tax due for the applicable reporting period for which the return was required to be filed. A late filing or payment penalty shall not apply if a failure to file penalty is imposed by the controlling ordinance.
- K. Abatement. The local tax administrator shall have the authority to waive or abate any late filing penalty, overdue payment penalty or failure to file penalty if the local

tax administrator shall determine reasonable cause exists for delay or failure to make a filing.

- L. Installment Contracts. The village may enter an installment contract with the taxpayer for the payment of taxes under the controlling tax ordinance. The local tax administrator may not cancel any installment contract into which the village so enters unless the taxpayer fails to pay any amount due and owing. Upon written notice by the local tax administrator that the payment is 30 days delinquent, the taxpayer shall have 14 working days to cure any delinquency. If the taxpayer fails to cure the delinquency within the 14-day period or fails to demonstrate good faith in restructuring the installment contract with the local administrator, the installment contract shall be canceled without further notice to the taxpayer.

- M. Statute of Limitations. The village, through the local tax administrator, shall review all tax returns in a prompt and timely manner and inform taxpayers of any amounts due and owing. The taxpayer shall have 45 days after receiving notice of the reviewed tax returns to make any request for refund or provide any tax still due and owing.
 - 1. No determination of tax due and owing may be issued more than four years after the end of the calendar year for which the return for the applicable period was filed or for the calendar year in which the return for the applicable period was due, whichever occurs later.
 - 2. If any tax return is not filed or if during any four-year period for which a notice of tax determination or assessment may be issued by the village, the tax paid was less than 75% of the tax due, the statute of limitations shall be six years after the end of the calendar year in which the return for the applicable period was due or the end of the calendar year in which the return for the applicable period was filed, whichever occurs later.
 - 3. No statute of limitations shall apply if a fraudulent tax return was filed by the taxpayer.

- N. Voluntary Disclosure. For any locally imposed and administered tax for which a taxpayer has not received a written notice of an audit, investigation, or assessment from the local tax administrator, a taxpayer is entitled to file an application with the local tax administrator for a voluntary disclosure of the tax due. A taxpayer filing a voluntary disclosure application must agree to pay the amount of tax due, along with interest of one percent per month, for all periods prior to the filing of the application but not more than four years before the date of filing the application. A taxpayer filing a valid, voluntary disclosure application may not be liable for any additional tax, interest, or penalty for any period before the date the application was filed. However, if the taxpayer incorrectly determined and underpaid the amount of tax due, the taxpayer is liable for the underpaid tax along with applicable interest on the underpaid tax, unless the underpayment was the result of fraud on the part of the taxpayer, in which case the application shall be deemed invalid and void. The payment of tax and interest must be made by no later than 90 days after the filing of

the voluntary disclosure application or the date agreed to by the local tax administrator, whichever occurs later. However, any additional amounts owed as a result of an underpayment of tax and interest previously paid under this section must be paid within 90 days after a final determination and the exhaustion of all appeals of the additional amount owed or the date agreed to by the local tax administrator, whichever is later.

- O. Publication of Tax Ordinances. Any locally administered tax ordinance shall be published via normal or standard publishing requirements. Copies of all tax ordinances shall be made available to the public upon request at the Village Clerk's office.

- P. The local tax administrator shall establish an internal review procedure regarding any liens filed against any taxpayers for unpaid taxes. Upon a determination by the local tax administrator that the lien is valid, the lien shall remain in full force and effect. If the lien is determined to be improper, the local tax administrator shall:
 - 1. Timely remove the lien at the village's expense.
 - 2. Correct the taxpayer's credit record; and
 - 3. Correct any public disclosure of the improperly imposed lien.

- A. A village telecommunications infrastructure maintenance fee is hereby imposed upon all telecommunications retailers in the amount of 1.0% of all gross charges charged by the telecommunications retailer to service addresses within village for telecommunications originating or received in village.
- B. Upon the effective date of the infrastructure maintenance fee authorized in this Chapter, the village's infrastructure maintenance fee authorized hereunder shall be the only fee or compensation for the use of all public rights-of-way within village by telecommunications retailers. - E. If it shall appear that an amount of infrastructure maintenance fee has been paid that was not due under the provisions of this Chapter, whether as a result of a mistake of fact or an error of law, then such amount shall be credited against any infrastructure maintenance fee due, or to become due, under this Chapter, from the telecommunications retailer who made the erroneous payment; provided, however, village may request, and the telecommunications retailer shall provide, written substantiation for such credit. However, no claim for such credit may be made more than three years after the date of the erroneous payment unless, (1) the credit is used only to offset a claim of underpayment made by village within the applicable statutory period of limitations, and (2) the credit derives from an overpayment made by the same telecommunications retailer during the applicable statutory period of limitations.
- F. Amounts paid under this Chapter by telecommunications retailers shall not be included in the tax base under any of the following acts as described immediately below:

Any underpayment of the amount of the village infrastructure maintenance fee due to village by the telecommunications retailer shall be paid to village plus five percent of the total amount of the underpayment determined in an audit, plus any costs incurred by village in conducting the audit, in an amount not to exceed five percent of the total amount of the underpayment

determined in an audit. Said sum shall be paid to village within 21 days after the date of issuance of an invoice for same.

- H.
